## 'DRIVE OUT CROOKS' MAYOR TELLS NEW CHIEF

### DOUBLED COST IN FOUR YEARS HALTS BUILDING

#### Exemption of Tax Urged as Cure.

Evidence of how the cost of building construction has increased in the last four years was offered to the United States senate committee on reconstruction at the Auditorium hotel yesterday. Harry G. Zander of the Chicago real estate board related personal experience in construction of both frame and brick homes of the type the average prosperous workman would want. He showed Senator W. M. Calder, chairman of the committee, a photograph of six room bungalows that cost \$2,042 each to build in 1916. Bungalows built on the same specifications in 1919-20 cost \$4,512 each, he said, and present estimates on those specifications run the cost to approximately \$7,000 each.

"This does not include the real estate," he declared. "The first group sold at \$4,500 each, the group built in 1918 sold at \$5,800 to \$5,900 each. The houses on which we just got estimates would have to sell for \$8,000.

"A type of frame cottage which cost \$2,800 to build in 1916, and \$4,300 in 1919, costs today just \$6,800 to build."

#### Suggests a Remedy.

"What would you suggest as a remedy?" asked Senator Kenyon.

"I'd stop combinations in restraint of trade," said Mr. Zander. "I'd have open competition. Send sold for 90 cents to \$1.20 in 1910 and it's on the market today at \$4 to \$5.50.

"Have you noticed open competition in lumber, as Mr. Edward Hines stated prevails?" asked Senator Calder.

"No, I have not. The price known as the 'Chicago list' prevails in every yard in Chicago almost without variation. They say they have reduced prices 20 to 40 per cent. Building prices in 1913-14 were sold at \$30, last year at \$70, and today at \$54. That isn't look like it."

#### Finds Plamy of Labor.

Adolph Kramer, president of the Chicago Real Estate board, said an investigation had revealed there is plenty of labor and material and that the price of labor in Chicago has been stabilized.

"We find that we are not permitted to use in Chicago certain materials manufactured outside of Chicago," he said. "Crushed production has raised the price of many essentials to abnormal figures.

"At present construction cost an ordinary apartment must rent for at least \$15 per month per room, and even at this figure does not give the investor an adequate return compared with high returns on industrial investments and bonds.

"Buildings already up and tenanted can be bought for much less. The small home pays even less than the apartment as an investment.

"The remedy is either to remove the tax exemption from all securities or to exempt mortgages on houses and apartments from federal taxation. It would seem advisable to exempt from all taxation buildings for housing purposes for a few years and also the income from such buildings."

George Cheaper, Hines says.

Mr. Hines said that within seven months building sizes of lumber had doubled 12.43 to 24.37 per cent. Lumber sales in the Chicago district have decreased since March to about one-third of normal, he said.

"I feel warranted," said Mr. Hines, "in calling the committee's attention to the fact that lumber has, for the last six months at least and at present, been at its full share and more in bringing about a reduction in the cost of building. Nature has made impossible any combination for the maintenance of prices, as different species of wood are in direct competition with each other."

Questioned by Senator Kenyon, Mr. Hines said there is a National Association of Lumbermen, many associations of each group, but prices were not raised in their meetings.

#### Pelouse Tells of Housing.

Col. William N. Pelouse, president of the Illinois Manufacturers' association, told of the work of his Chicago Housing association. He said the excess profit tax is one big element in building cost.

"People hesitate to build," he said, "because they feel prices are coming down. This attitude is impeding business. The attitude of the housing association is to get the housing association out of the housing association."

### DRY AGENTS OPEN NIGHT CAMPAIGN WITH BIG HAUL

#### Wholesale Still and 5 Saloons Raided.

In the first of a series of city-wide night raids, federal prohibition authorities last night descended on five saloons and one still. They captured nearly \$25,000 worth—retail—of liquor. The still belonged to Joseph Fargo, 1601 East End avenue. He had four employees. There were four stills, with a total capacity of 120 gallons a day, 260 gallons of the finished product, forty-seven barrels of prune mash, thirty barrels of wine mash, thirty-nine barrels of raisin mash, and four oil stoves. It is believed to have been the fountain head of much of Chicago's moonshine.

Fargo and four employees were arrested.

#### Results of Saloon Raids.

In the saloon of Joe Rush, at 20 North Clark street, the federal officers secured five cases of beer, a gallon of moonshine, and evidence of sales.

The next purchased a drink from Henry Rohman, 41 North Wells. That one drink exhausted his entire supply.

All the agents found were empty bottles. One solitary quart of "Mum's Extra Dry" champagne was found behind the bar, however.

At the New Gault bar, 355 West Madison, owned by Martin Beaudoin and A. C. Minor, the officers found a large collection of empty whisky bottles.

At a building at 1453 West Monroe street nineteen cases of whisky were abstracted. The saloon of Arthur Ware and Frank Sullivan at 931 West Madison street also was raided. Some evidence was found.

#### This Bar Hides Its Hootch.

At the saloon of Hyman Levy, 1601 Grand avenue, the raiders found eleven quarts of whisky in a secret compartment. The compartment was reached by a hole in the wall behind the bar, and the bartender could reach in a hand and get a quart. Some moonshine, alcohol, and colored whisky also were found.

The bartender, Thomas Franey, was arrested. In his possession was found a bottle containing an amber liquid which looked suspicious. A federal agent sampled it. It was boiled varnish.

The forty customers in the saloon enjoyed the raid. "We should worry," one said. "Judge Landis will soon be in the baseball business and we won't have to worry about him."

Three more policemen were questioned by Special Agent W. G. Walker last night regarding knowledge of the Mike de Pike Hotel whisky deals.

They were Detective Sergeant Patrick Alcock, brother of First Deputy John Alcock, and Detective Sergeants James Miller of Fillmore street station and Gary of Maxwell street station.

#### Heitler or Pike Surrender.

"Mike de Pike," Heitler, Robert Perlman, and "Mannie" Greenberg, charged with whisky running, were arraigned before United States Commissioner Lewis F. Mason yesterday.

They were held under \$15,000 bonds each to await a hearing on Nov. 20.

Before that, it was learned, Assistant United States Attorney John J. Kelly, in charge of the federal inquiry relative to illicit booze, plans to ask bench warrants from Judge K. M. Landis, thus throwing the inquiry before that jurist.

The three surrendered after an unsuccessful all night search by federal officials. Warrants for their arrest were issued late Tuesday evening.

### COLBY DENIES WILSON IS SICKER THAN U. S. KNOWS

Washington, D. C., Nov. 10.—[Special.]—Secretary Colby today denied rumors that President Wilson is sicker than the public has been led to believe.

When his attention was called to a cablegram from London quoting American Ambassador Davis as saying that the president was much sicker than people believed and that he realized he would not be able to participate further in politics he said:

"The president is steadily gaining. His condition is a source of satisfaction to his friends, and his gain in health has been for several months steady and unobstructed."

### New York Crowd Renews Attack on British Flag

New York, Nov. 10.—A crowd of several hundred persons tonight attacked the British flag in the lobby of the Capitol theater, in Broadway, where several days ago a crowd tore down a British flag used in Armistice Day decorations. The police brought night sticks into play, drove the crowd from the scene and arrested two men. The crowd sought solace in burning British colors they found elsewhere.

### VERY MUCH ADD ABOUT \$60,000 AND A ROBBER

#### Ruin Vault Door; Banker Has Fled.

Francis J. Carey, youthful teller of the National City bank of Ottawa, Ill., attempted to make off with \$60,000 of the bank's funds last night. He failed in the attempt, but created more excitement than if he had succeeded.

When officials of the bank learned that a robbery had been committed—or at least attempted—they jumped to the conclusion that Carey, the teller, who they knew had returned to the bank after his supper to do some extra work, had been locked in the vault by the burglars.

#### Time Lock Set for Tomorrow.

And they knew that the vault door was locked with a time lock set to open on Friday morning. That was enough for them and they appealed to Warden Murphy of the Joliet penitentiary, asking if he could furnish an expert safe cracker from among his prisoners. They wanted some one who could do the job deftly so as not to injure the imprisoned teller.

The Chicago police were also appealed to and a special train loaded, more or less, with yegmen, firemen, and safe experts was started on its way to Ottawa.

It took time to get the special started and before it neared Ottawa it was announced that two local automobile mechanics had destroyed a \$5,000 vault door with acetylene torches, only to find the interior untenanted.

Carey, minus his loot, which he had dropped in his flight, had fled from the town in safety.

#### Ottawa's Thrilling Evening.

The events of the thrilling evening in Ottawa—of which the foregoing is an outline—began in this way:

Terrence Connelly, Ottawa resident, was leaving a soft drink establishment in the rear of the bank shortly after 7 o'clock last night when he heard something drop. He looked up and saw a man running down the alley. He went to the spot where he had heard the object fall and picked up a pasteboard shoe box, containing nearly \$60,000 in bills.

Charles C. Taylor, president of the bank, was notified and hurried to the scene with the police. They found a basement window open. A skylight also had been unlocked. Money was strewn about near the vault. The vault was locked. The time lock had been set for forty hours, as today—Armistice day—is a holiday in Ottawa.

The theory was advanced that hold-up men had gained entrance through the basement, surprised Carey as he was working on his books, gathered up the money, locked the teller in the vault, and then escaped by way of the roof through the skylight.

The vault has a floor space of only about 30 square feet and a height of six feet. It was figured it was only a matter of a few hours when Carey would smother.

#### Asks Aid of Convicts.

Warden Murphy was appealed to to send expert safe crackers by special train. He replied that his men could not "valentine" the lock by feeling the tumblers if the time lock had been set. The only other method, he said, except blowing open the safe, which would kill Carey, would be to use acetylene torches to "pull the knob." Besides, his most promising cracksmen were all dead.

The Chicago police were asked to help. A special train was made up on the Chicago, Rock Island and Pacific railroad and loaded with cracksmen, firemen with acetylene torches, and the chief locksmith of the Molesley Safe company.

#### Bore Through Vault Door.

Before the special reached Ottawa, however, C. M. Corbin and "Slim" Leverich, two Ottawa garage workers, had bored a hole in the vault door, destroying the time lock and enabling them to push back the bolts. The vault was empty.

Each teller in the bank has his individual safe inside the vault, the combination of which is known only to him. It was found that the combinations on all these safes had been worked and the money removed. Only one man could have done that, bank officials said, and that was Carey, who was supposed to have worked on the books last night.

A search was made for him. His mother, Mrs. Thomas Carey, a widow, told the police he had not returned home after supper.

### ARMISTICE DAY

(Copyright, 1920, By The Chicago Tribune.)

NOV. 11—1918.

NOV. 11—1920.

### THE WEATHER

THURSDAY, NOVEMBER 11, 1920.

Sunrise, 6:30; sunset, 4:33. Moon sets 5:27 p. m.

Chicago and vicinity—Cloudy and somewhat unsettled.

Thursday: colder at night; Friday: cold; Saturday: cold; Sunday: cold.

Illinois—Cloudy and somewhat unsettled.

Thursday: colder in north and west; Friday: fair and cold; Saturday: fair and cold; Sunday: strong northwest winds.

TEMPERATURE IN CHICAGO (Last 24 hours.)

MAXIMUM, 8 P. M., 36; MINIMUM, 7 A. M., 27.

3 a. m., 38; 11 a. m., 31; 7 p. m., 33.

4 a. m., 31; Noon, 32; 8 p. m., 32.

5 a. m., 30; 1 p. m., 32; 9 p. m., 32.

6 a. m., 27; 2 p. m., 34; 10 p. m., 32.

7 a. m., 27; 3 p. m., 30; 11 p. m., 32.

8 a. m., 28; 4 p. m., 35; Midnight, 32.

9 a. m., 29; 5 p. m., 34; 1 a. m., 31.

10 a. m., 29; 6 p. m., 34; 2 a. m., 31.

Mean temperature for 24 hours to 2 a. m., 31.5; normal for the day, 41. Excess since Jan. 1, 316 degrees.

Precipitation to 7 p. m., 0. Deficiency since Jan. 1, 2.89 inches.

Highest wind velocity, 14 miles an hour, from the northwest, at 1:45 a. m.

Relative humidity, 7 a. m., 58; noon, 54; 7 p. m., 67.

#### ADVICE TO SHIPPERS.

Protect shipments passing through Chicago to reach destination by Friday night from temperatures as follows: North and northwest, 0 to 10 degrees; west, 0 to 15 degrees.

### MACON BANKER COULDN'T RAISE \$25,000; SUICIDE

Decatur, Ill., Nov. 10.—Failure to raise \$25,000 by Tuesday evening caused H. R. Woodcock, Macon banker, to kill himself today, according to information received here this evening.

What the \$25,000 was for has not been disclosed. Mr. Woodcock told his son before he died that he had shot himself.

The banker was found at 3:20 this morning on the sidewalk in Macon with six bullets in his breast.

Contracts were to have been signed today for the consolidation of his bank with the Farmers State bank of Macon.

Mr. Woodcock was treasurer of the McLaughlin Foundry company of Decatur.

### Penrose Will Be Ready to Take Seat in Congress

Philadelphia, Pa., Nov. 10.—Senator Boies Penrose will be in a condition to take his seat at the opening of congress in Washington on Dec. 6, according to a statement issued tonight by Dr. Herbert Carpenter, who has attended him since the beginning of the illness a year ago.

Dr. Carpenter branded rumors of a relapse as false and said the only present complaint was an attack of neuritis about the legs.

### BOY CHESS KING BEATS EXPERTS AT WEST POINT

#### Overcomes 19, Then 'Time for Bed, Son.'

West Point, N. Y., Nov. 10.—Nineteen officers—strategists all, and most of them trained in the post-graduate school of war—and one picked cadet, the chess star of the military academy, went down to defeat in as many games of chess tonight before Samuel Rzeschewski, 8½ year old Polish wonder of the chess board. One of the boy's twenty opponents played to a draw at the end of eighty-five moves.

The lad from overseas, who tonight added to the laurels he has won from the champions of Vienna, Berlin, Paris, Warsaw, London, and other European capitals, played all of his adversaries simultaneously, moving rapidly from one board to the other and making his plays after lightning calculations.

#### Foreign to Stage Fight.

Throughout the play Samuel, who is rather an undersized child for his years, and apparently differing in no respect, other than his proficiency on the chess board, from others of his age, was unperturbed in the presence of his opponents, many of whom were gray bearded senior officers whose after-dinner games at the officers' mess table are noted throughout the service.

Before a gallery which thronged the academy gymnasium, the childish prodigy, clad in a blue suit with knickerbockers and sailor collar, effected his first checkmate after twelve moves, which occupied thirty-five minutes.

#### First Victim an Expert.

Samuel's first victim was F. C. Mayer, organist of the school, who is counted as one of the most formidable players in the state. Mayer, like those who followed him to the downfall of their respective pet "systems," got caught in a trap skillfully laid for him by a succession of plays leading to an open formation.

Mayer played his knight into the center and was opposed by the boy's queen, causing the military man to castle, to avoid a checkmate at the outset, and thus falling a play behind his opponent and leading to the inevitable exposure of the useful piece.

The checkmate followed in three moves.

#### Draw Battle Is Staged.

Col. G. J. Fleberger met the boy on more even ground, seeming to be familiar with the boy's method of attack.

When a deadlock was reached the game was called off by the boy's father and teacher, who announced that his son's bedtime was long passed, though the youngster still seemed absorbed in the game and willing to prolong it to a break.

### DUELING IS PASSE, SO FRENCH DUELIST REFUSES TO FIGHT

#### PARIS, Nov. 10.—"Duelling is a foolish practice, and there is no place for it in France since the war," said Leon Daudet, member of the chamber of deputies in Paris and leader of the Royalist party in France, in refusing a challenge from Paul Denise, deputy for the department of war, to meet him on the field of honor.

The challenge of M. Denise was the outgrowth of an article signed by M. Daudet and printed in his newspaper, Action Francaise, in which Daudet adversely criticized the late Camille Pelletan, former minister of marine, who was a brother-in-law of Denise.

Daudet, prior to the war, fought eleven duels, using swords or pistols.

### GEORGE BRENNAN, ILLINOIS "BOSS," CHEERFUL LOSER

Baltimore, Md., Nov. 10.—[Special.]—George E. Brennan, Democratic "boss" of Illinois, is giving demonstrations in the gentle art of losing gracefully.

"They just swatted us, that's all," he said here today. "Of course we knew that we didn't have a chance, for the recent Republican landslide was founded on a national dissatisfaction as everybody knows. This dissatisfaction was as evident before the election as it is today. In his heart of hearts no really intelligent Democrat felt that his party had a show."

"It seems to me foolish to discuss the matter now. If there's one thing in the world I admire more than a good dyed in the wool Democrat it is a cheerful loser. I therefore want to see my party lose gracefully, to bow to the will of the majority as every good American should. It is up to every one now, Democrat and Republican alike, to make Mr. Harding's administration as successful as it is possible for it to be—with Mr. Harding at its head."

### MOB OF JOBLESS GERMANS SEIZES METAL FOUNDRY

[Chicago Tribune Foreign News Service.]

BERLIN, Nov. 10.—The first violence in Berlin's labor crisis occurred at noon today when 2,600 unemployed men, many of whom were armed, stormed the Lion metal works, drove the owners and engineers away and banked the three under the furnace.

At 6 o'clock this evening they were still in possession of the plant, while police were forming outside the works planning an attack.

It is thought this may be the beginning of similar seizures of factories in Germany, as the recent Italian industrial crisis.

### Haitian Peace Cost Lives of 1,132 Natives

BY EYE WITNESS.

[Chicago Tribune Foreign News Service.]

PORT AU PRINCE, Nov. 10.—Haitian pacification today is practically complete at the cost of 1,132 lives of insurgents and bandits since Oct. 1, 1919.

These, the first authentic figures exacted from the Haitian chaos, were sworn to by Maj. Thomas Turner, adjutant of the 1st division of United States marines, this morning at the naval court's first sitting.

The total number of bandits and insurgents—the words seeming almost interchangeable—in the field since March, 1919, was estimated at 17,000. Never was that number operating simultaneously, but this was the number rallied intermittently by the chiefs, exercising the feudal system over their followers.

#### Fought 296 Battles.

The death toll of 1,132 among the natives represents 296 different encounters with the marines since their extensive campaign began in October, 1919.

During this campaign nearly 8,000 natives surrendered, were rehabilitated, and went to work for various sugar companies.

The naval court finds itself handicapped at the outset by lack of authentic figures antedating October, 1919, because only since the world war have the marines had divisional and brigade organization and staff work on modern lines.

#### Figures from Marines.

Judge Advocate Dyer has exacted the fact that the proportion of those who surrendered to those killed since October, 1919, was about seven to one, which prompts him to believe that the marines' methods toward their prisoners were not so drastic as to discourage surrender by making natives think this would be equivalent to death.

Maj. Turner testified that orders were issued forbidding the troops to maltreat inhabitants or prisoners and that courts martial followed disobedience.

The outstanding impression of today's sitting was that all statistics prior to October, 1919, were worthless, owing to the lack of system in the marine organization, plus tropic imagination.

#### Some Errors Apparent.

My first impression, after visiting five north and west coast cities, is that our people have done an honest and life saving work here in road building and sanitation, but that, in pacification work, there has been a lack of a master hand, and that too much was left to individual initiative in pacification methods, hence the sense of accountability has weakened and in certain administrative details there was inexcusable tactlessness.

The whole experiment cries out for Leonard Wood's iron hand in velvet glove rule.

The court is sitting amid a small explosion of this city of 100,000 population, and thirty-five cases are going to the hospital daily. The Haitian and American medical forces are making a valiant fight against the heavy odds. There are no deaths, but the relatively mild form of the disease is becoming more acute daily.

### HE ASKS FOR ONLY 2 COLD BOTTLES, BUT HE GETS JUG

Joseph Samac, a resident of Forest Park, climbed the stairs to the door of the Desplaines street police station, life moved to the desk behind which Sgt. Cohen presided, leaned over confidentially, and whispered into Cohen's ear:

"I want two nice, ice cold bottles of beer."

And plunked down a half dollar.

"Sure," replied Cohen, "just step down those stairs and speak to Mr. Murphy."

Samac followed directions. He asked James Murphy, lookout keeper, for the beer. Murphy led him to a cell. He is still there.

"I guess," said Cohen, "he thought this was 'Mother's Place.' That used to be a blind pig, and it resembles the station."

### Identifies Body as It Goes to Dissecting Table

Just as medical students at the University of Chicago were about to begin dissecting the body of a man who died at the county hospital Nov. 1, relatives identified it as that of Charles Marino, 68 years old, 2457 West Van Buren street, a barber. Marino became ill on a train which he had boarded at Morgan Park Oct. 31, and died unidentified the next day.

Marino's son-in-law, Ernest Becker, 1830 West One Hundred and Seventh place, traced the body.

### FREE REIN TO C.C. FITZMORRIS; GARRITY FIRED

#### Big Police Shakeup. First Move.

#### "NO FLOWERS"

The first order issued by C. C. Fitzmorris, Chicago's new chief of police, was:

"Circular Order No. 1.—To all members of the department:

"While I appreciate the treatment evidenced by the custom of sending floral pieces to newly appointed superintendents of police, I prefer that this be not done, and to that end I direct that no such steps be taken by members of the department."

"CHARLES C. FITZMORRIS, Superintendent of Police."

Galled by the inefficiency of the police department against the constantly advancing front line of crime, Mayor Thompson yesterday ousted Chief of Police John J. Garrity.

An hour after Garrity's resignation had been demanded and received, the mayor named as his successor Charles C. Fitzmorris, who for five and one-half years has been Mayor Thompson's secretary, and who was former Mayor Harrison's secretary for four years.

#### "Run Out the Criminals."

"Chicago's crime situation must be cleaned up," the mayor declared on submitting his appointment to the city council. "I think Garrity did his best, but I have faith that Fitzmorris can do better."

There are two big things I wish to accomplish before I leave the mayor's chair. One is to run criminals out of this city and the other is to give the city a 5 cent street car fare.

"I'll never stop trying to accomplish these things as long as I sit in the mayor's chair."

Fitzmorris has a big job. Both as secretary to me and to former Mayor Harrison he has studied the police department. I believe he knows the game. In addition, he has proved to me that he has guts. His conduct in last summer's race riots showed that I think he will make a good chief.

#### Fourth Thompson Chief.

&lt;

units. The best way to get results is to get them and not to talk about it.

"There will be some sweeping changes in the department in the near future. I think it will improve the department, but it will not accomplish everything. Police work, honest and efficient police work, and lots of it, is the only thing that will clean up Chicago."

"No Excuses Go."

"The department is turning a new page. Every member is to be given an equal chance to make good in this new page of police history. But I believe it is just as bad to be unlucky as it is to be incompetent. In other words, excuses won't go."

"Every one knows the results I want and the results the mayor wants. I am going to get these results if I have to rip the department to pieces and build a new one to do it."

"Anybody in the department or out of it who does not believe that I mean what I say about driving the crooks out of Chicago had better let his hat on."

Up to Police Now.

Asked whether he intended to file charges against the older and less efficient members of the force, the new chief said:

"That depends entirely on themselves. We are told that the department is demoralized. I'm taking it as I find it, and will tell you more about that when I see the results I get."

Neither Chief Fitzmorris nor Mayor Thompson was ready to take a stand regarding the enforcement of the federal prohibition laws.

"We have discussed that," said the mayor. "We have decided to ask the city law department for an opinion on the duty of the police force in this connection. The department will be governed by the opinion."

Garrity Flabbergasted.

Former Chief Garrity was flabbergasted at Mayor Thompson's demand for his resignation.

"There have been rumors that I was to be forced out," he said, as he began packing his belongings and cleaning out his desk. "Each time the mayor told me to go back to my desk and pay no attention to them. I took him at his word. I thought he was satisfied."

"Naturally, I was chagrined when I was called in and told to resign. However, I have repeatedly told the mayor I did not wish to be a burden to his administration. I have no kick coming. He took me at my word."

Council Gets Shock.

The city council was no less surprised than Chief Garrity when the clerk read the mayor's message appointing the new chief. There was a series of gasps and then cries for a reading of the message.

Then Ald. Richard, an old friend of Chief Fitzmorris, got the mayor's attention. He moved to concur in the appointment. Ald. Kostner seconded the motion, which was carried unanimously.

Fitzmorris left the council chamber amid cries of "Speech!" The first congratulatory he met in the mayor's office was his little son, Charles C. Fitzmorris Jr. The chief kissed his boy on the forehead and grabbed his head, professed in congratulation, but the only remark of the lad was:

"I'm glad, too, but don't squeeze so hard."

Kelly New Secretary.

As crowds of city hall friends filed the mayor's office to congratulate the new chief Mayor Thompson in the council chamber announced he had selected John Murray Kelly, his private stenographer, as his new secretary.

The appointment of Kelly, like that of Fitzmorris, is nonpolitical and comes simply as a reward for hard work. As a principal stenographer in the civil service Kelly's salary is \$2,600 a year. The secretaryship pays \$5,500 a year. Fitzmorris is a Democrat and Kelly is a Republican.

Kelly entered the mayor's office as a stenographer in 1907, under former Mayor Busse. Previously he was employed by a Board of Trade firm. He is a bachelor and lives at 6082 Ridge avenue.

As secretary to Mayor Thompson Fitzmorris gained the reputation of being thoroughly efficient. He has dealt daily with scores of favor seekers—aldermen, ward committeemen, and even the mayor's own appointees—and is considered by politicians "a mighty hard proposition to handle."

## DITCH MERIT LAW, FIRE BAD POLICE, APPEAL BY SIMS

Asks Wide Cleanup Power for Fitzmorris.

Chief of Police Charles C. Fitzmorris, the young David to whom Mayor Thompson has given the job of slaying Chicago's crime Goliath, must be given full power to override the civil service law if he is to succeed in his mission, in the opinion of Edwin W. Sims, president of the Chicago crime commission.

The change advocated by Mr. Sims, after an exhaustive study of Chicago crime conditions, would give Chief Fitzmorris the right to dismiss any or all policemen without according them a hearing before the city civil service commission.

So "grossly inefficient, thoroughly demoralized and in many respects corrupt" is the police force at present that only the radical departure from civil service rule that he suggests will "clean up the whole rotten system," a statement issued by the crime commission head says.

A Tough Job, a Big Chance.

The statement in part follows:

"Pressure of public sentiment aroused by a realization of the growing lawlessness in Chicago has brought about the appointment of a new superintendent of police, Charles C. Fitzmorris."

"Mr. Fitzmorris has been presented simultaneously with a tough job and a great opportunity. He accepts the position at a time when lawlessness is at its height, with a police force so grossly inefficient, thoroughly demoralized and in many respects corrupt, that it is at its lowest. It follows, therefore, that in order to get results, there must be a complete reorganization of the police force. To be brutally frank, this means that there must be a radical change in the administration of the civil service laws. Under existing conditions the only way the superintendent of police can get rid of incompetent, inefficient or corrupt subordinates is to prefer charges and try the case before the civil service commission."

"Imagine the absurdity of a situation where the head of a manufacturing establishment employing 5,000 men must file a written complaint, go to court and submit evidence to a judge and jury before he can get rid of an incompetent employee."

"Throw Out the Corrupt."

"Let's quit offering living sacrifices to the sacred fetish of the civil service law."

## "Clean Up Crime!"

Chicago's New Chief of Police, Named Yesterday as Mayor Ousts Garrity.

CHARLES C. FITZMORRIS. (TRIBUNE PHOTO.)

theory and uphold the hands of the new superintendent of police in summarily dismissing from the force the corrupt and inefficient.

"In my opinion the appointment of Mr. Fitzmorris offers the community an opportunity to work out and carry through a constructive police program."

"Assuming that he will display in his new position the ability, integrity and courage that those who know him believe him to possess, there is put up to the community squarely the question of whether or not the combination of a superintendent who wants to do the right thing with a community that is willing to back him up can purge the Chicago police force and the civil service commission."

"The crime commission will put behind the new superintendent of police every ounce of force it possesses to obtain for him the power and authority he should have."

Further floggings by the military police have been reported. At Tuum, County Galway, John Brennan, the district councillor of Milltown, was taken from his home at midnight, interrogated, and then stripped and beaten with sticks. He was then compelled to run naked while shots were fired after him. The town clerk's house at Tuum was entered and a lodger named MacDonnell was taken out, stripped, and flogged with leather straps, while his children screamed with fright. The doctor says MacDonnell will not be able to work for some time.

Food Ban Lifted.

Notices have been posted in Tralee permitting the shops and bakeries to resume business. The population there has suffered semi-starvation for the last five days.

At Peter's Well, County Galway, police auxiliaries entered Hayes' public house, took the proprietor outside, and made him kneel in the village square while they fired shots over his head. They then drove three men named Healy, Bunningham, and Skewell, into

## ERIN PREPARES FOR ENGLAND'S RAIL BLOCKADE

(Copyright: 1920: By The Chicago Tribune.)

DUBLIN, Nov. 10.—The situation in Ireland this week is growing worse. Four conferences were held today, representatives from the Labor party, the railway men's union, the trades congress, municipal officials, traders, and manufacturers to consider the imminent closure of the railway systems. They also formed an emergency committee to furnish fuel and food to isolated towns on the Great Southern and Western railway. Railway officials today predicted that this railway, which serves all Munster and the city of Athlone, will soon be closed.

There is much dissatisfaction over an order levied today on all shopkeepers who were compelled to operate the day of the MacSwiney funeral, which warns them to close Armistice day on penalty of having their premises destroyed.

Floggings Continue.

Further floggings by the military police have been reported. At Tuum, County Galway, John Brennan, the district councillor of Milltown, was taken from his home at midnight, interrogated, and then stripped and beaten with sticks. He was then compelled to run naked while shots were fired after him. The town clerk's house at Tuum was entered and a lodger named MacDonnell was taken out, stripped, and flogged with leather straps, while his children screamed with fright. The doctor says MacDonnell will not be able to work for some time.

Food Ban Lifted.

Notices have been posted in Tralee permitting the shops and bakeries to resume business. The population there has suffered semi-starvation for the last five days.

—IN BRIEF—

**PORT-AU-PRINCE**—Opening of hearing on alleged cruelty by United States marines shows some of charges false.

**SHANGHAI**—Associated British Chambers of Commerce in China protest Japanese policy which is interfering with British shipping at Tsing Tao.

**DUBLIN**—The situation in Ireland is growing more acute. Black and tan floggings of Sinn Feiners continue and other violence is reported in several districts. Conferences in Dublin yesterday were devoted to preparation for the stoppage of rail service by British and plans for food and fuel relief to the interior towns were considered.

**SHANGHAI**—Chinese authorities broken on Chinese wrongs' unaided arms and unaided ankles and warn that offenders will be arrested.

**LONDON**—Wireless report from Moscow says Reds have penetrated Crimean peninsula.

a stagnant pool and kept them there for some time.

**Clash at Ballyboy.**

**DUBLIN, Nov. 10.**—A motor lorry containing policemen, with its escort, had a sharp clash last night near Ballyboy with a party of 100 men, who had barricaded the road. One constable has been killed and another wounded by armed men near Ballyboy station.

**INQUIRY ON IRISH THREAT.**  
Washington, D. C., Nov. 10.—The British embassy announced today it had taken steps to call the attention of the state department to a message recently received by the British chief secretary for Ireland, dated New York, and threatening reprisals against Englishmen resident in the United States.

"If there are any more reprisals in Ireland on and after the fourteenth day of November," the New York message was said in the name of the Amalgamated Irish Societies of America, and bore the signature "J. V. O'Connor, president."

**Dr. Robertson Says He Will Close Cold Flats**

Refusal of Municipal court judges to issue warrants for landlords who fail to provide sufficient heat for their tenants, caused Health Commissioner Robertson to announce yesterday that hereafter "such buildings will be closed as insanitary and uninhabitable" under the general police powers of the health department.

## BLAST TORN SHIP, A MASS OF FLAMES, ON ELLIS ISLAND

New York, Nov. 10.—After a spectacular race against time down the Hudson river, surrounded by tugs and fireboats and flags looking about its forward decks, the burning Morgan line freighter El Mundo tonight lay beached on the flats near Ellis island.

Thousands of spectators lined the New York and Jersey shore and watched the heroic fight of the tiny tug to drag the burning freighter out of the way of harbor traffic.

The ship, a craft of 10,000 tons, is almost a wreck, with its side torn by fuel oil blasts and its forward superstructure carried away by the fire.

All members of the crew of the ill-fated vessel have been accounted for. Eight of the deck hands were reported seriously burned, one probably fatally.

## Raymond Robins Named to Make Inquiry on Erin

Washington, D. C., Nov. 10.—(Special.)—Raymond Robins of Chicago and Alexander Moore of Pittsburgh have been added to Miss Jane Addams' commission of inquiry on conditions in Ireland, which will begin its hearings here next Wednesday.

Demonstrations in memory of Terence MacSwiney and in protest against the presence of British troops in Ireland, are now taking the form of a parade past the White House every night, the Irish sympathizers carrying banners denouncing the British government.

Mrs. Pethick Lawrence, English pacifist, joined the marchers in their parade last night.

# DIR, THEN MINUTE OF SILENCE; IT'S ARMISTICE DAY

City Will Pay Tribute to  
Fallen Heroes.

Pronged by a rumble of artillery from the lake front and heralded by whistles and clanging bells, the year's most impressive moment will come today at 11 o'clock, the second anniversary of the armistice. At that time every person is expected to stop business for a minute, facing the east, render silent homage to America's dead on Europe's battlefields.

As the city's clocks and watches point to the eleventh hour, policemen will blow whistles to halt traffic. In the loop buglers will blow taps. The celebration will begin early. At 9 o'clock members of various women's clubs, under the direction of Mrs. William H. Winslow, will begin distributing flowers, jellies, jam, candy, and cheer to the sick and wounded soldiers in the hospitals.

**Observance in Church.**  
At the same time a solemn requiem high mass will be celebrated at St. Anne cathedral in memory of the dead of the 10th anniversary and supply of the 10th anniversary. Also at 9 o'clock the 1st Regiment Illinois Field artillery will hold a federal mustering ceremony at its armory, 234 East Chicago avenue.

The city hall will be closed and during the afternoon there will be demonstrations in all parochial and public schools. Special services and entertainments will be held by the American Legion and other soldier organizations in the evening.

All men who fought with the allies are invited to the second annual armistice celebration of the Canadian club at the Hotel La Salle tonight. A military ball will be part of the program.

**Unveil Bronze Tablet.**  
A bronze tablet bearing the names of those of the Old Second regiment who died in the war will be unveiled at the armory, 2653 West Madison street, tonight.

At 2:30 o'clock this afternoon the 1,000 employees of Wilson & Co. will stand with bowed heads when Thomas H. Wilson, president of the packing company, will unveil a bronze tablet bearing the names of nineteen of the company's employees who gave their lives in France.

**All Urged to Wear a Flower.**  
"Wear a flower today in memory of the boys who never came back." That is the slogan of the American Red Cross and the workers in "Say it with Flowers" week, who will visit every military and naval hospital in Chicago with flowers for every sick and wounded soldier and sailor. The flowers will be distributed by Red Cross nurses and American Legion boys.

The Red Cross workers will begin their drive for 10,000,000 members, of which Chicago's share is 600,000. The drive will last a week.

## LEGION URGES HONOR

New York, Nov. 10.—Calling for acknowledgment of Armistice day in the spirit that made it, F. W. Gilbreath, national commander of the American Legion, tonight issued an open message to the nation.

The swift triumph of our arms and the gallant, bitter, which two years ago gave us the victory, the anniversary of which we celebrate tomorrow, marks the high light of the present triumph in American affairs.

"Victories, such as Armistice day commemorates, are not the issue of a finer quality than that. They are triumphs as well as of an unquenchable spirit.

"No victory, however complete, long can survive the spirit that conceived it. Succeeding generations will claim Armistice day. God grant they always shall acclaim it in the spirit that made it; and that this spirit, like the day, shall be imperishable.

## The Legion's Ambition.

"With this prayer in our hearts let us renew each year our vows of fealty, fidelity and keep unshaken our faith in the high ideals, the lofty purposes, the unselfish aspirations and exalted, holy goals that fired the hearts of Americans in 1918, and made ours a land from whence crusaders

## WASHINGTON NEWS —IN BRIEF—

(BY A STAFF CORRESPONDENT.)

**WASHINGTON, D. C., Nov. 10.**  
Congress will determine whether the immigration and land controversy with Japan will be settled by new agreements with Japan, such as the Wilson administration is negotiating, or by termination of the existing treaty and the direct exclusion of Japanese by statute. The whole matter probably will go over to the Harding administration for consideration.

**RECOGNITION of the Mexican government** by the United States before President De la Huerta retires Dec. 1 now seems unlikely. A squabble between rival Americans controlling Mexican oil interests and a recent message from Huerta which displeased the state department have operated to make recognition doubtful.

**FRANK H. FUNK**, member of the Illinois public utilities commission and representative elect, accused the interstate commerce commission of lack of cooperation with the state commission during a discussion at the annual convention of the National Association of Railway and Utilities Commissioners.

**The efforts of Republican congressional leaders** to make radical reductions in the current expenditures of the government will meet with obstacles.

**ALTHOUGH there is a slump in business**, the railroads continue to break records. The latest new records are in the number of cars of freight loaded in the week ended Oct. 25 and in the net ton miles of traffic in August.

**CO-OPERATION with the Walsh committee** of the house in the investigation of the shipping board was promised today by Admiral Benson, chairman of the board.

**came, with souls aflame, worthy of their victory.**  
"To this end the American Legion, today and forever, solemnly pledges its all."

**Tribute by U. S. Leaders.**  
Washington, D. C., Nov. 10.—[Special.]—Secretaries Baker and Daniels, Gen. Pershing and Maj. Gen. March joined today in paying tribute to dead and living members of America's army. Fitting exercises will be held here.

**PRICE OF WALES RENTS.**  
LONDON, Nov. 10.—Owing to the severe strain caused by the loss of the Prince of Wales to Canada and Australia, he will undertake no official engagements until next year, it was announced officially today.

Officers of First division, the first American troops to cross the armistice line at Etain Meuse, France. Left to right—Maj. Gen. Frank Parker, Brig. Gen. Francis Marshall, Lieut. Col. Theodore Roosevelt Jr., Capt. Lano (French), and Maj. Thomas R. Gowenlock of Chicago.

## 50,000 GERMAN TROOPS CROSS INTO LITHUANIA

PARIS, Nov. 10.—Fifty thousand German soldiers, with officers and a great amount of material, have crossed the East Prussian border into Lithuania in the past three weeks, according to information reaching the French foreign office from its military advisers.

The foreign office expresses the opinion that it is probable there will be a renewal of the monarchic coup d'état. Representations have been made to the Berlin government, which disavows all responsibility, saying it can exercise no control. The French government is taking the stand that such a large assembly of troops can hardly be for the purpose of assisting Lithuania, and is considering what measures may be taken to bring the matter to the attention of the assembly of the league of nations at Geneva.

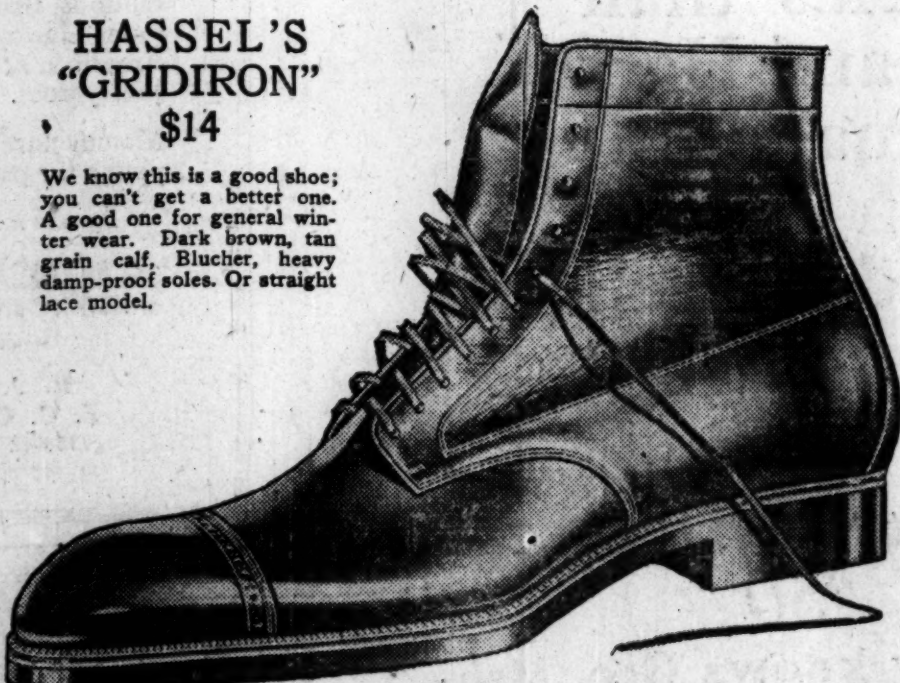

## GERMANS URGED TO PLEAD FOR TREATY CHANGE

BERLIN, Nov. 10.—A dispatch to the London Times says that Baron Kurt von Lersner, former president of the German peace delegation, outlined to the main committee of the reichstag his campaign of propaganda for the revision of the Versailles peace treaty.

Baron von Lersner declared speakers of all parties must combine in demanding a revision of the treaty, basing their hope on "the saner elements in enemy countries, especially America, Italy, and Great Britain."

## HASSEL'S "GRIDIRON" \$14

We know this is a good shoe; you can't get a better one. A good one for general winter wear. Dark brown, tan grain calf, Blucher, heavy damp-proof soles. Or straight lace model.

The business of this store is not simply to sell shoes; anybody can do that.

Our real business is to give service to buyers of shoes; to know what they ought to have; to help choose the style and size and leather best for your foot, and your purposes.

To give as much value as we can for the price you pay—\$5, \$6, \$7, \$8, \$9, \$10, \$12, \$14, \$18. We have a very large stock to choose from.

**HASSEL'S** Corner Dearborn and Van Buren  
Streets, Monadnock Block

## DANIELS LEAVES ADMIRAL SIMS OFF HONOR LIST

Name Not Mentioned for  
Any Navy Medal.

Newport, R. I., Nov. 10.—Announcement at the navy war college today of awards for notable naval service during the war contained no mention of honor for Admiral William S. Sims, president of the college, who was the commander of the American naval forces in the war zone.

Admiral Sims had refused an original recommendation for a distinguished service medal as a protest against failure of the navy department to accept his recommendations for honors to subordinates.

The announcement of the awards to officers on duty here was made by Rear Admiral Ashle H. Robertson, chief of staff to Admiral Sims. When his attention was called to the fact that Admiral Sims was not mentioned,

"Admiral Sims" name does not appear on the list."

**Announcement at Boston.**  
Boston, Mass., Nov. 10.—First announcement of awards to naval officers for distinguished service during the war was made at the Boston navy yard today. Rear Admiral Herbert O. Dunn, commanding the First naval district, was the only recipient here of the distinguished service medal.

The navy cross was awarded eleven officers, among them Rear Admiral S. S. Robinson, commander of the Boston yard, who commanded the submarine force which operated in the war zone. Actual presentation of the awards will not be made until tomorrow.

**Thirteen Awards in N. Y.**

New York, Nov. 10.—Thirteen officers and men of America's naval forces are to receive awards at the Armistice day celebration tomorrow at the New York navy yard, for distinguished service during the war.

## Legion Warned Against Armistice Day Parade

Columbus, O., Nov. 10.—A warning not to "try to get away with" a parade of ex-service men arranged for tomorrow in connection with an armistice day celebration was found tonight under the door of American Legion headquarters here.

The warning, which was unsigned and which was turned over to the department of justice, read:  
"Don't try to get away with that parade. We spotted one. We will send you war lovers to hell."

**DRUG STORE HOLDUP NETS \$630.**  
Three armed bandits held up the drug store of Bruno A. Boli at 2200 East Seventy-first street yesterday and escaped with \$600 from the safe and \$30 taken from Paul Kerner the clerk.

## ITALIANS, SLAVS, END FIUME ROW, LONDON HEARS

Premier Giolitti May  
Sign Today?

LONDON, Nov. 10.—A dispatch to the London Times from Santa Margherita says the Adriatic question has been settled.

The principal points are said to be as follows:  
1. The Adriatic frontier practically decided in favor of the Jugo-Slavs.  
2. Fiume to be independent, with territorial contiguity to Italy.  
3. Zara under Italian suzerainty.  
4. The islands Cherso, Lussin, and Ucie granted to Italy.

Premier Giolitti will sign the agreement tomorrow on behalf of Italy, it is said.

The semi-official announcement by the Stefani bureau says the frontier in the Julian Alps was settled to the complete satisfaction of Italy both from the geographical and military standpoints. The frontier will include Monte Nevoso and will be contiguous to the independent state of Fiume.

The conference adjourned until tomorrow morning. The territorial concord will be accompanied by a commercial and probably a political agreement.

**Slavs Say Fact Is Near.**

SANTA MARGHERITA, Italy, Nov. 10.—[By the Associated Press.]—It is reported that Jugo-Slavic delegations are negotiating with representatives of the Italian government on the Adriatic problem, has accepted all the Italian claims.

**Some Points Undecided.**  
RAPALLO, Italy, Nov. 10.—Points said to be undecided between the Italian and Jugo-Slavic delegations are acknowledgment of the Italianity of the island of Cherso, Italian sovereignty over Zara, with sufficient hinterland, and the annexation of several of the Dalmatian islands to Italy, particularly Luss, Lissa, and Lagosta.

**Washington Forgetting Fiume.**  
Washington, D. C., Nov. 10.—[By the Associated Press.]—High officials of the state department said today that the question of Fiume and the Adriatic settlement, in which the United States has played a prominent part in the past, was likely to be relegated to the background of affairs in which the state department was disposed to concern itself.

**Giolitti Leaves Rome.**

ROME, Nov. 10.—Premier Giolitti tonight left Rome for Santa Margherita, where representatives of Italy and Jugo-Slavia have been conferring in an effort to solve the Adriatic problem.

**Russ Red Sailors Slay Officers, Scuttle Cruiser**  
[Chicago Tribune-New York Times Cable.]  
COPENHAGEN, Nov. 10.—According to a special dispatch to the Berlingske Tidende from Helsingfors, a White Russian journal just received there, states that a mutiny has broken out at Cronstadt on board the cruiser Gromobol. The crew is said to have murdered their Red officers and then scuttled the ship in the port.

## LABOR LAID OFF IN ONE INDUSTRY USED IN ANOTHER

Shifting Demand Reduces  
Number of Jobless.

BY ARTHUR M. EVANS.

Resiliency is one striking phase of the labor situation at present. Employment seems to drop at one point only to bounce up at another point. One shop shuts down, but another speeds up. Workers released in one industry are absorbed by another. Large employers in the Chicago area generally comment on this—a large portion of the men laid off here and there are not out of work; many of them have gone to other jobs.

For example, at Harvey it is estimated industries in general are out to about 25 per cent of capacity. A few miles away, however, work is flourishing at Pullman in the car shops and jobs are easy to get. In fact, at Cottage Grove avenue and One Hundred and Eleventh street the Pullman company has electric signs blazing at night: "Men Wanted."

### Railroads Absorbing Men.

Preparations for rehabilitation of railroads are absorbing men let out of less "essential" industries. In car making and car repairing there is great activity. The last government report shows that in this industry last September 29 per cent more men were employed than a year ago, while the pay roll itself increased 62 per cent. This was for the country at large.

During the war Pullman was shot to pieces; no work to speak of; no car replacements while the roads were under federal control. Now it is getting back to "normal." A year ago the Pullman company had 5,000 on its pay roll. Today it has 10,000. It is increasing its force. With the new plant for automobile bodies, the company has an employment capacity of 18,000 to 20,000. The increased activities at Pullman, too, hold good in other car building and repairing establishments, in the Calumet region.

### 20,000 Toolers in Ninth Ward.

The Ninth ward of Chicago, which embraces the Pullman area, has between 15,000 and 20,000 workers, according to the best estimates. Ald. Sheldon Govier, who for fourteen years

worked as a molder in the shops, after a survey of industrial conditions in the ward declared there is little evidence of unemployment.

"Some large plants are slowing down," he said, "but others are increasing their forces. Some are getting back expert labor which was drained away by high wages in other regions during the war. The men are coming back and plant managers tell me they are not only increasing their forces but they are getting more skilled men which means more efficiency."

Meanwhile outward evidence of unemployment are growing, while at the same time there is no pell-mell rush for jobs. More applications for work are received at the state employment agencies, while requests for help are dwindling. All lines report an abundance of labor, yet some branches say steady men are still not easy to get.

Employment agents for outlying traction lines report they still recruit track crews one morning, only to find them out in half two days later—it has been that way for months, "floating" track labor working a few days and then laying off.

Union officials said yesterday that

even with common labor abundant they are still unable to get enough street cleaners for Chicago at \$4.50 and \$4.60 a day. In Omaha, one report said 3,000 unemployed men were in the city and Nebraska farmers have called for 10,000 corn huskers but were meeting with little response from the Omaha side.

In Baltimore 15,000 carpenters who a year ago got an agreement for an increase on Nov. 1 of 10 cents an hour—\$9.00 cents to \$1 an hour—of their own volition Sunday voted to refuse this increase on the ground that prices were falling and new industries insure them steady work this winter.

### New York Narcotic Squad Raid Nets \$200,000 in Dope

New York, Nov. 10.—Dr. Carleton Simon, appointed special deputy police commissioner yesterday to handle cases involving narcotic drugs, entered upon his duties tonight by directing the largest single drug seizure in New York police history. The raid resulted, the police said, in the seizure of four kinds of habit forming drugs, valued at approximately \$200,000.

### N. Y. CLOTHING PLANTS TO KEEP DOORS SHUT TILL WAGES GO DOWN

New York, Nov. 10.—The Clothing Manufacturers' association of New York announced today its shops could not be reopened until employees, who are members of the Amalgamated Clothing Workers' union, agreed to new working and wage conditions "necessary to the life of the industry."

William Bandier, president of the manufacturers' association, said negotiations would be opened with the union at any time they designated and that the decision of the association to keep its shops closed was not a "lock-out."

Nearly 150,000 members of the United Hebrew trades in New York state have been thrown out of work in the last three weeks of "steady business recession," Morris Feinstein, associate secretary of the organization, announced today.

### WIFE'S KICK ON 14 POINTS WINS HIM A DIVORCE

President Wilson's "fourteen points" blasted the matrimonial aspirations of Herbert C. Weber, 729 Cornelia avenue, Judge Sabath granted him a divorce yesterday after he had shown the court this letter:

"Nuremberg, Germany, July 8, 1919. —Husband: With surprise I received your renewed request to come and live with you. Under no circumstances will I go to the United States since your country has treated the Germans so shabbily, as shown in the matter of the 'fourteen points' of your Wilson. I hope to be left here in peace."

"KATHERINE WEBER."

NEW TRAIN CHICAGO TO HEALY  
Via C. M. & St. P. Ry.  
To accommodate the increased travel the Chicago, Milwaukee & St. Paul Railway will put on a new suburban train, Chicago to Healy, next Monday. It will be scheduled to leave the Union Passenger Station at 5:15 p. m. daily, except Saturday and Sunday.—Adv.

### BANKER GIVEN VICTORIA MEDAL FOR WAR HEROISM

Theodore S. Pallas, manager of the Mediterranean department of the Great Lakes Trust company, has been honored by the British government, which has awarded him the Victoria medal in recognition of heroism displayed during the Greek-Bulgarian war.

Mr. Pallas was a second lieutenant in the American army during the world war. He was attached to the sanitary corps.

### What a Big Detroit Bank Thinks of Credit Insurance—

A well-known bank of Detroit, Mich., has just written the American Credit-Indemnity Co. as follows:

"In our judgment, the matter of insuring open credits by business men has been a subject of growing importance for some years, and particularly at this time when there are so many problems confronting the country, the solution of which is difficult.

"The more conservative houses are taking every precaution to keep their affairs in a liquid shape, and the conditions under which the better grade of credit insurance policies are written, we believe constitute a contingent asset to any business man, the advantages of which should not be overlooked."

Bankers appreciate that it takes more skill to do business successfully when prices are falling, as now, than when prices were increasing. And they therefore endorse precautions that prevent, else pay, bad debt losses beyond the normal, which the American's "Unlimited-Interim-Payment" Policy does.

Manufacturers and wholesalers, write or phone for particulars.

## BENSON WILL AID INVESTIGATION OF SHIPPING BOARD

Chicagoans Ask Fair Play by House Committee.

(BY A STAFF CORRESPONDENT.)  
Washington, D. C., Nov. 10.—[Special.]—Complete cooperation with the Walsh house committee in the investigation of the shipping board was promised today by Admiral Benson, chairman of the board. The admiral would not comment on the charges in the report of investigators Fisher and Richardson, which was presented to the committee yesterday in New York.

"The only thing I want to say," Admiral Benson said, "is that the board is ready to lend every possible assistance, either by furnishing documents, data, etc., within the board's control or by having its employees appear before the committee to give testimony. The chairman does not wish to make any statement otherwise, because he feels this investigation is directed by congress and that he is not privileged to make any comments in regard to it."

**Evidence Given in New York.**  
New York, Nov. 10.—Additional evidence of alleged irregularities and mismanagement in the affairs of the United States shipping board were introduced here today before the congressional committee investigating the affairs of the board by J. P. Richardson, assistant secretary and statistician of the committee, in concluding his first testimony.

The investigation is based largely upon a report submitted by Mr. Richardson and A. M. Fisher, secretary and statistician of the committee, after a year's work.

At the close of today's session Chairman Walsh announced that Commandant A. B. Clements, executive assistant to Admiral Benson, chairman of the shipping board, would be a witness tomorrow morning.

**May Summon Plez.**  
Chairman Walsh said Admiral Benson and other officials of the board, as well as Charles M. Schwab and Charles Plez, former heads of the Emergency Fleet corporation, may be asked to appear. The hearings will be continued in New York for two weeks, and then it is likely, he said, that the committee will go to Philadelphia and Washington to continue its work.

Cross examination by Representative Henry J. Steie of Mr. Richardson took up a considerable part of the afternoon session. Characterizing the witnesses' previous testimony as a "general indictment," Mr. Steie sought to bring out specific instances of alleged "political influence," favoritism, etc.

The witness prefaced his reply to the first question asked, with the statement that his report did not purport to fix any illegal act on the part of any person.

**Purpose of Criticism.**  
The purpose of our criticism is, he said, "that we hope to bring out existing conditions so that they may be rectified by the shipping board itself. We want to give full credit to the board for its achievements. It had a gigantic task—one of the greatest ever met by a man."

**Belgian Miners Call Off Strike; 50,000 Back in Pits**  
BRUSSELS, Nov. 10.—Work has resumed in all the coal mines in the central districts. More than 50,000 men have been out for several days.

## MAC SWINEY GOING HOME TO THE OLD SOD

## POLITICS WON NO SHIP JOBS, PIEZ REPLIES

Cites Big Results of Fleet Corporation.

Charles Plez of Chicago, who during the war was director general of the Emergency Fleet corporation, replied yesterday to the statement given out in Washington charging graft and incompetence against the United States shipping board.

"Twice within eight months," Mr. Plez said, "the so-called Walsh committee has caused the publication of statements reflecting on the competency, honesty, and integrity of the members of the United States shipping board and the Emergency Fleet corporation."

"The first statement was heralded as indicating a billion dollar graft among the shipbuilders and Emergency Fleet corporation officials of the Pacific coast."

"Too Flimsy to Reach Jury."  
The indictments, when brought, totaled less than \$30,000, and when the first case was brought to trial the government's case was so flimsy that the judge decided it without letting it go to the jury.

"The committee is again after a sensation, and so it publishes the charges which two former minor employees of the shipping board have laid before the committee. It publishes these without giving the officials of the shipping board and the fleet corporation an opportunity to reply."

"Why has it published these charges before it has investigated their validity? What malevolent, vindictive purpose is there behind this procedure?"

"Why, for once, doesn't the committee give its attention to the wholesome atmosphere of the hold and deck of

the structure, and quit being just a bluge water committee?"

**Answers the Charges.**  
Now, coming more specifically to the charges:  
The Emergency Fleet corporation had two divisions, one in charge of ship construction, one in charge of ship operation. Charles M. Schwab's connection, and my own, were with the division of ship construction, and my reply concerns the charges against that division.

"When we went into war substantially every existing shipyard was engaged on navy work, and our ship construction had on that account to be largely confined to newly created yards, new managements, new and inexperienced men."

"There were 181 shipyards, employing 385,000 men, under the direction of our division. There was among this number less than the average of human dishonesty. But there were examples of pay roll padding and petty graft. A well developed corps of investigators were constantly on guard, and offenders were brought to summary punishment."

"As to the other charges, I want to say that during my incumbency of nineteen months as one of the executives of the Emergency Fleet corporation there was not a single case in which any contract was let as a result of either political or other influence, and I challenge the committee to bring forth a single example."

"As to the charge that there were doctors, barbers, and dry goods clerks employed as inspectors in the shipyards, I need only say that the same character of men occupied positions as privates and officers in the American expeditionary force, and I am glad to add, acquitted themselves creditably."

"Will the committee please indicate how a force of 40,000 shipbuilders can, in nine months' time, be expanded to 385,000 without bringing in some doctors, barbers, dry goods clerks, and other trades and vocations?"

"Mistakes were made in selecting contractors, but it is only fair to say that during the early days of the

## LOSS OF BEAUTY LEADS WOMAN TO DROWN HERSELF

The mystery of the disappearance of Mrs. Clarence W. Russell, widow of the former Mahoon football star, was solved yesterday when her body was washed up by the lake at the foot of Kedzie street, Evanston. The body was discovered by Walter J. Gunthorp, president of the Gunthorp-Warren Printing company, looking from a window of his home on the lake shore. The body was identified by Mrs. Russell's brother, John C. Singleton, Evanston banker.

Shelby M. Singleton of Winnetka, another brother, testified at the inquest as to his sister's prolonged illness, brought on by grief over the death of her husband two years ago and of her mother at Pasadena, Cal., last summer. Mrs. Russell had refused to let her 8 year old son, Evan, see her because of the ravages made upon her beauty by illness. She had gone to Evanston from her sister's home in Illinois to see the boy. She refused to go where he could see her, however, but had peered at him from a second floor window in a barn at the rear of the Singleton home.

"I want Evan always to remember me as a beautiful woman," she told her brother.

## Lest we forget—

Two years ago the great sacrifices and deeds of our soldiers, sailors and marines stood before us—a living, vivid picture. Yet in this brief lapse of time this picture has faded. The thousands of war-scarred heroes, lying helpless in the hospitals of Chicago and Fort Sheridan, are given but a passing thought.

So let us pause and remember. In keeping with the true spirit of "Say It With Flowers Week" the Allied Florists' Association of Illinois, with the able assistance of the American Red Cross, will present a bouquet of flowers to each and every sick and wounded hero. They are to know that Great, Big Chicago does remember.

Armistice Day—November 11th

## WRANGEL LINES CRACK BEFORE SOVIET, REPORT

Moscow Tells of Invasion  
of Crimean Land.

**BULLETIN.**  
SEVASTOPOL, Nov. 10.—The Third Red division has broken through Gen. Wrangel's outer works at Perekop, but the situation is not regarded as serious.

BERLIN, Nov. 10.—It is reported from Sevastopol that Gen. Wrangel's forces successfully have evacuated the Perekop isthmus, aided by the Baltic fleet of French warships. Bolshevik submarines attacked the Wrangel transports, but without success.

Reds Tell of Gains.  
LONDON, Nov. 10.—News of the penetration of the Crimean peninsula is contained in the Soviet official statement of yesterday, received today by wireless. The statement says:

"In the Perekop region we are fighting for possession of the enemy's fortified positions."

"Further east during fighting we crossed the river Sivatch into the Crimean peninsula and debouched at Kardzhamaia."

Retreat Called Success.  
PARIS, Nov. 10.—Reports from disinterested military observers at Sevastopol state that the recent retreat of Gen. Wrangel's army into the Crimea was accomplished with notable success. It was said at the French foreign office today.

The morale of the troops, the reports declared, remained high. and Gen. Wrangel was represented as confident that with proper material he could maintain his positions.

### Reds Break Wrangel Line

1—The bolsheviks are reported to be hammering the seven mile line of trenches across the isthmus of Perekop which guard Wrangel's positions in the Crimea.  
2—The Reds are reported to have crossed the Sivash, or Putrid sea, presumably on the railroad bridge, and are debouching from Kardzhamaia. The Putrid sea is a shallow arm of marsh and open water between the Crimea and the mainland. Wrangel attributes his defeat to the great numbers of bolsheviks who were brought to oppose him.

### PATRIOTS BEAT REDS IN TURIN CITY ELECTION

[Chicago Tribune Foreign News Service.]  
MILAN, Nov. 10.—Turin extremists were celebrating today a supposed victory in the municipal elections when

news arrived that the patriotic wing of the Socialists had won by a majority of 400 votes. Immediately enthusiastic demonstrations were organized by the winners, and the city's street car men deserted their work as a protest against the victorious party. The Turin victory created deep satisfaction, for bolshevism was thus defeated in its main Italian stronghold.

## 17 RED UNIONS IN MEXICO VOTE TO TIE UP INDUSTRY

President O. K.'d Seizure of Vera Cruz by Men.

(Chicago Tribune-New York Times cable.)  
(Copyright: 1920.)

Mexico City, Nov. 10.—At a stormy meeting of the Communist Federation of Mexico last night seventeen unions voted to call a general strike in Mexico City. The walkout will await advice from the striking longshoremen in Vera Cruz.

During the meeting a delegate from Vera Cruz stated that President de la Huerta had permitted the government to permit the strikers to take over the wharves. He added that longshoremen in Havana and Coruna, Spain, had agreed to refuse to unload shipping from Mexican ports.

The delegate demanded a vote to ask the government to apply article 23 (deportation) to newspaper correspondents who misrepresented the strikers' attitude. The vote was unanimous.

Moscow to Rule Strike.  
During the meeting two Russians spoke, demanding an immediate strike, and they also demanded that Mexican Communists obey the orders of the general soviet. The meeting was representative of the extreme radicals in Mexican labor unions. The Mexican Federation of Labor was not represented.

Among foreign owned concessions which will be affected if the strike is called are the street railway, light and power, Canadian telephone system, Swedish cigarette factories, French and Spanish.

After the meeting a Communist newspaper was distributed, named "New Life," and carrying a letter from Ricardo Flores Mangon, written in Leavenworth jail.

Judging by the spread of the Communist ideas among the workmen in Puebla and the state of Mexico, President Elicio Obregon will face a difficult task when he takes office.

Polish boy plays eighteen experts at war academy simultaneously and defeats all but one, who plays to a draw. Bedtime came and prevented the lad from matching wits with a veteran colonel.

Huerta's régime Dec. 1, a possibility a few weeks ago, is not likely now.

Rival American oil interests in Mexico—the Guffy interests on one hand and the Doherty interests on the other—are said to be responsible in a measure for Washington's determination not to rush in with recognition.

The Guffy interests, it has been declared, were most anxious for immediate recognition for the protection it would afford their properties if it came before Huerta stepped out.

The Doherty interests are said to have protested vehemently and to have made threats of startling revelations should such recognition be granted.

## AGREEMENT OR STATUTE WILL BAR JAPANESE

Tokio Eager to Stop Migration to U. S.

BY ARTHUR SEARS HENNING.

Washington, D. C., Nov. 10.—(Special.)—Whether Japanese immigrants shall be excluded from the United States by statute or by agreement with the Japanese government is a question which congress will be called on to determine.

Japan is eager to settle the California land controversy by Japan undertaking to prevent further Japanese migration to the United States and America undertaking to safeguard the property rights of Japanese already in this country.

The administration appears disposed to act on the line of this proposed compromise. If President Wilson and the Japanese government approve the tentative plan worked out by Roland Morris, American ambassador to Japan, and Baron Shidehara, Japanese ambassador to the United States, the agreement will be embodied in a new treaty.

It is assumed Japan will prefer to give a guarantee of the exclusion of her nationals from the United States in the form of a new and more stringent "gentlemen's agreement."

Even if the Wilson administration should effect this settlement and submit a treaty embodying it to the senate this winter, it would not be ratified and consideration of the whole matter would be postponed until after the inauguration of Mr. Harding.

Gov. Stephens and other California leaders maintain the Japanese question never will be settled permanently until the "gentlemen's agreement" is abrogated, Japanese excluded by statute, and Japanese property holding rights restricted, as contemplated by the California referendum measure.

Didn't Keep 'Em Out.  
As to whether Japan has observed the "gentlemen's agreement" faithfully opinion is divided, but it does seem clear it contains loopholes through which Japanese have been able to gain entrance to the United States in large numbers. It permitted farmers and the wives of Japanese already here to enter. The result was

an inpouring of Japanese who were farmers at home but farm laborers in this country, and of "picture brides." Japan has now shut down on the migration of the latter.

Many Japanese reach the United States by way of Mexico, surreptitiously crossing the border. When they are once in it is difficult to establish ground for deportation, for, unlike the Chinese, they are not required to carry certificates of lawful entry without which the Chinese can be deported.

BRITISH IN CHINA

RESENT JAPAN'S SHIPPING POLICY

(Chicago Tribune Foreign News Service.)

SHANGHAI, Nov. 10.—The associated British chambers of commerce in China, which have been in session here this week, closed today with a bitter denunciation of Japanese interference with British shipping at Tsingtao and the imprisonment of George L. Shaw, a British subject, by Japanese military authorities in Korea.

In the resolution pertaining to Tsingtao the chamber said: "The Japanese policy and attitude in Tsingtao and the obnoxious quarantine regulations they have imposed appear to us to be an economic weapon in disguise."

ROH-KOON FENCIBLES.  
famous throughout the world for high quality, can now be obtained in all degrees, at 15 cents each, of high class stationers and drawing material dealers everywhere.—Advt.

## "MUST WE STAY SILENT?" JAP DIPLOMAT ASKS

(Chicago Tribune Foreign News Service.)

TOKIO, Nov. 10.—Marquis Okuma, the former Japanese premier, addressing a general meeting of the Japanese Immigration association today, referring to the California anti-alien law, said:

"It is strange how cool the Japanese are towards a problem deciding the fate of their brothers in America."

Continuing, he declared that the anti-Japanese movement in the United States endangers relations not only between Japan and America, but also between Japan and other powers.

"Germany," he said, "was reduced from leadership among nations because she ignored the principles of justice and humanity, and now America, ignoring them, is setting an example that Canada and Australia will probably follow."

"Must we, one of the five great powers, remain silent when others act inhumanely and unjustly towards our nationals? That is not the way the welfare of humanity is promoted," he declared.

A resolution was passed which, in part, said, "Anti-Japanese legislation in California is so glaringly unjust that we can hardly afford to tolerate it."

## A Great Sale of 10,000 Men's Fine Shirts at \$3

Shirts of these high-grade qualities have not been priced so low in years. They are shirts from our regular stocks that have been greatly reduced, combined with others equally fine that have come recently through special purchases. They are grouped into two great assortments—

### Men's Shirts, Made with Soft Cuffs

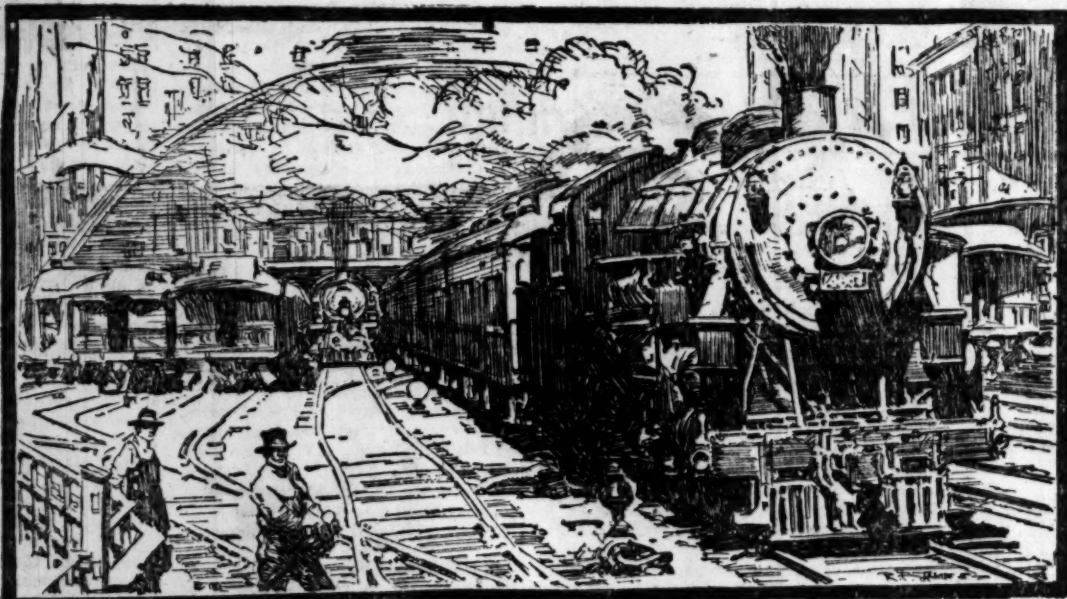

Of fine woven madras, imported Oxford cloth in fancy striped patterns, and in solid colors, fiber striped fabrics in many fancy patterns and solid white madras.

### Men's Fine Shirts with Collars Attached

Shirts of solid white mercerized Oxford cloth, soisette, imported striped madras, solid white madras, jersey in solid colors and imported Oxford cloth in solid colors.

Inspection shows this fine workmanship to be entirely unusual at this price. And the remarkable varieties of patterns and colorings included make it very evident that this is a sale of proportions and scope that is in every way extraordinary. All the shirts are to be had in all sizes from 14 to 17-inch neckband at \$3 each.

First Floor, South.

## No Train Passes Through Chicago

NO train passes through Chicago, the greatest railroad terminal in the world. But more trains stop at and start from Chicago than any other city on earth.

Nearly two hundred thousand people—twice the population of any other city in Illinois—arrive and depart on the fourteen hundred trains which enter and leave Chicago each day. Almost half of the entire railroad mileage of the United States terminates here, while fourteen hundred miles of belt lines—one-third of the total belt line mileage—encircle Chicago.

The railroads have been one of the greatest factors in Chicago's growth and development, and every property owner and resident of the city owes a debt of gratitude to the men who built these roads and brought them to their present state of efficiency.

Chicago, the Wonder City—The commercial progress of Chicago is one of the marvels of the century. In common with other financial institutions, the growth of the Harris Trust and Savings Bank is largely dependent on the growth of Chicago. And the growth of Chicago rests on the faith and vision of its citizens. In a series of advertisements, of which this is the Tenth, we are trying to set forth a few of the achievements of this great city. Chicago will continue to contribute to the benefit of its citizens in proportion to their faith in its future.

## ARMISTICE DAY.

Two years ago today an armistice brought the world war to a close. We celebrate the anniversary with ceremony of respect and honor to the heroic dead and with appreciation to the living. That is fitting, but a national desire for such expression is not the only thought which the day may bring us. It is part of the sacrifice of those who fell in battle that their efforts have brought about new national growth and problems which could not be put aside even in honor of their memory.

After two years without a shot fired by or against American troops we are still technically at war. Belgium, invaded and despoiled, has returned to peace and reconstruction. Serbia, crushed and almost depopulated, has found a guaranty of safety under which to struggle back to life. Others of Europe's peoples, though staggering under the burden, are moving on the road to normal national conditions. They are meeting their problems. We must meet ours.

Senator Curtis of Kansas calls attention to one such problem by his proposed bill to provide for displacement of the president in case of physical or mental disability. The method he suggests is of minor importance in this discussion. A safe method can be found. But the necessity of some such provision is apparent.

If President Wilson's breakdown had come before the armistice the country would have been in a desperate situation. With tasks, policies, and purposes of vast moment requiring steady and consistent application of executive thought and authority, a check to such authority might have been fatal to the nation's welfare. There was no provision to correct such a condition quickly and effectively had it developed. When it developed in time of peace, although governmental affairs were delayed and perhaps misdirected, we were in no such national peril. But the lesson remains.

Had we been engaged in actual war when the illness of the president caused Secretary Lansing to attempt in some small degree to keep the routine of governmental affairs moving by informal conferences of cabinet members, and had the president followed the same policy of disapproval and rebuke which prompted Mr. Lansing's resignation, the difficulties of the nation would have been calamitous. Such a situation might develop in the future unless safeguards are provided. By all means let us have a method of assuring to the nation a competent executive head in case of the incapacity of the president. It is folly to allow the whole machinery of government to slow down because of the incapacity of one man.

The armistice saved us greater loss and calamity. As we observe its second anniversary we realize that it by no means settled our problems. Two years have elapsed and many of the provisions of war are extended into a time of actual though not technical peace. Special powers conferred upon the president for the duration of the war are still in force. They are powers which have no place in a democratic government in times of peace. Certain Liberty bond provisions make these securities tax exempt for a period after declaration of peace. As such declaration is postponed, the government is deprived of millions of dollars in revenue which should come from securities now exempt. That is only a detail, but it is illustrative. War arrangements are not designed for peace conditions.

This day should see the development of a concerted public opinion which aims at ending our present anomalous condition.

## NIX ON BASEBALL.

Instead of trying to reorganize commercial baseball, why not bust it while it is feeble? Here is an amusement played by a lot of circus performers who, because they want the pill instead of jumping through hoops and flying from the trapeze, because they slide on clay instead of sawdust, get money which would make a hootch thief willing to quit his profession for theirs.

If Ringlings had to pay such money to their sawdust athletes they would go broke, and if one man in the ringlings sold out the rest of the team there would be a spill for which some one would be hanged, but the circus thrives on physical hardihood, agility, skill, and honesty, and why have baseball as a competitor?

Why get Landis in to resurrect a game which could not stay straight when its turnstiles were creaking with ready money day after day and when half the populace was so loony as to have expert knowledge only in batting averages?

When Babe Ruth was the only man in the country better known than Jack Dempsey, the players, making ten, fifteen, and twenty thousand dollars a year when they were worth about \$1.80 in the stockyards, made fish out of all the populace which thought they were on the square.

A game which could not stay honest when it was in its greatest prosperity, and had to be honest to continue to be prosperous, ought not to be saved. It ought to be scrapped.

We have deluded ourselves that it was a good, wholesome thing for the American people. It was a waste of time. It developed the worst sportsmanship of which the American people are capable. It was vicious exercise and skill for thousands of soft, idle citizens who ought to have been hoeing and picking potato bugs.

If the men who took their baseball on a bench were scattered on a million lots and made to play the game themselves—a thing not one in a thousand could do—there might have been some national advantage in it. There would be more advantage if the citizens were made to skip rope and barred out of baseball parks.

Before baseball developed into a circus, without the virtues of a circus, there were baseball teams which actually represented the towns whose names

they bore. There was some sense in that game. The butcher might be pitcher and the undertaker, catcher and the coroner umpire. It was local enterprise, but now it is a commercialized hippodrome which gives the citizenry only one kind of exercise, and that kind it needs least, maddening.

We're off baseball. We swear never to go to another game—until the Cubs or the Sox open in the spring of next year.

## JUDGE CROWE'S OPPORTUNITY.

The state's attorney elect says he will ask for twenty judges in the criminal branch in order that murderers may be tried "while the blood of the crime is still warm." He holds that when criminals know they will go before a judge and jury within a few hours of capture, they will seek other hunting grounds.

Judge Crowe is right beyond question in emphasizing the importance of promptness in the administration of criminal justice. We think it is the most important factor in making the law feared. When criminals and roughs can expect long delays, as in Cook county, with multiplying chances of escape through the death or spiriting away of witnesses, the weakening of memory of witnesses, the development of technicalities, etc., their fear of punishment dwindles. If they knew that promptly upon their capture they would find themselves facing a judge and jury, the gamble with justice would not seem, and, in fact, would not be, so safe. In the distance the gallows looks dim and unreal.

In frontier days citizens were compelled to take justice into their own hands and it was swift justice. The vigilance committees brought security and peace to many a community where the gunman ruled at his will. The gunman has pretty much his own way in Chicago, but we have not adopted the vigilance committee system yet, though citizen organizations are beginning to be heard of, for example, the Chicago real estate board's reminder to Mayor Thompson, whom, as president of the Boosters' club, they invite to boost Chicago by cleaning up our intolerable crime conditions. The board is thinking of police inefficiency. Judge Crowe places responsibility on the courts. As a matter of fact, the administration of justice depends upon the police, the state's attorney, the judges and juries, the courts of review, the board of pardon and parole, and the governor. This is a chain, and justice hangs by its weakest link. Sometimes it is one link, sometimes another. We want them all strengthened, but we realize that Judge Crowe can do a great deal, not only for the strengthening of his own link but by vigorous action to stimulate efficiency and responsibility all along the line.

In short, there is no office in the state, with the possible exception of the governorship, which offers such opportunity for striking public service as that of state's attorney of Cook county.

We think no one knows this better than the state's attorney elect. Judge Crowe has had valuable experience on the bench, and during his service in the Criminal court learned what the crime situation in this community really is. He knows the urgent need for energetic enforcement of law. He knows how often the guilty escape. He knows why they escape. In short, very few men who have taken up the state's attorney duties know as well as Judge Crowe does what they are and what their vigorous pursuit will accomplish.

We are encouraged, therefore, to hope for an administration of this important office which will make life and property in this county more secure and crime a hazardous trade, instead of a privileged one. Judge Crowe has ability and industry, as his excellent record on the bench has demonstrated. He has knowledge of the processes of efficient law enforcement and of the forces which evade or defeat justice. Last, but not least, he is a young man, virtually at the beginning of his career and legitimately ambitious for success in public office.

Judge Crowe is fortunate in having an awakening public opinion to support a vigorous campaign against crime. Real achievement will be promptly recognized. We wish him success.

## A WARNING TO THE COAL TRADE.

Suggestions for the nationalization of the coal industry in the United States have been made to the senate committee on reconstruction. A suggestion is far from accomplishment in such a complicated matter, but it is evidence of the depths to which public opinion has been stirred by our coal troubles and prices. To that extent the coal trade will do well to look upon the suggestion as handwriting upon the wall.

It is far from probable that the idea will even be formally considered by the committee, much less introduced into congress. It is contrary to American ideals of private enterprise and individualism in effort and reward. But even our fixed ideas can be shaken by such conditions as have marked the coal business of the country. We do not believe in nationalism of coal mines, railroads, or similar properties. Neither do we believe in the exploitation of the people by such interests.

Exploitation by the railroads brought about corrective legislation, which swung to the other extreme. Regulation brought them near collapse. If the coal business of the country does not court a similar fate, it will begin to provide better service at more reasonable prices.

## Editorial of the Day

## WHERE DID YOUR DOLLAR GO?

[Cleveland Plain Dealer.]

The Chicago packers say they get but 2 cents out of the dollar spent by the housewife in purchasing the products prepared by the five large packing houses. The department of agriculture reports that the farmer is able to retain for himself only 4 cents of every dollar's worth of vegetables he sells in the city markets. A prominent New York retail establishment issues a pamphlet to show that 53 cents of each dollar it receives remain for the firm.

These slender margins are pointed to by the packers as indicative of the efficiency of their organization; by the department of agriculture in explanation of the abandoned farm; by the Retail Dry Goods association to refute the impression that the retailers are receiving exorbitant profits. Whatever they may shed on or all of these questions, they point to one major factor in the high cost of living—the expensive system of distribution that has grown up with the division of labor and the extension of markets.

Under the present organization less energy and labor is expended in the creation of the utilities of form; more and more in making them available in time and place. The costs of transportation, of storage, of handling and rehandling have multiplied until now they constitute the major factors entering into market price in many fields of industry.

Investigation into the high cost of living should look rather to distribution than to production. It should aim at the elimination of every unnecessary charge, whether it be for storage, carriage or personal service.

## A LINE O' TYPE OR TWO

How to the Line, let the quips fall where they may.

AT eleven o'clock to-day comes the pause in the day's occupations that is known as the Armistice pause. The British cabinet's ultimatum to Germany in 1914 expired at 11 o'clock; but, as the London Times notes, Mrs. Asquith in her Autobiography has the cabinet sitting in watchful waiting until 12 o'clock. It was twelve o'clock by German time; and the question is whether the British cabinet or Mrs. Asquith made a mistake.

"MAN," as they sing in *Princess Ida*, "is nature's sole mistake." And he never appears more of a rummy than when some woman kills herself for him, in his embarrassed presence. His first thought is always of himself.

But would it not require a *Geologic Period*? Sir: You are kind enough to refer to my lecture on "Literary Taste and How to Acquire It." I venture to suggest that your summary—viz.: "It is to read only first-class stuff," not only fails to meet the problem, but represents exactly the view that I am out to demolish. If, as I presume, you mean that the ambitious person who now reads Harold Bell Wright should sit down to the works of Shakespeare, I can tell you at once that the process will be a failure. My method is one of graduation from the worst to the best stuff.

W. L. GEORGE.

"WHY not a battle-ship for Mr. Harding?" queries a euphuistic colleague on our left, and replies, "On account of the imponderables of the American character." Some of these imponderables are celluloid collars, chewing gum, cha-tau-tau, and Harold Bell Wright.

MUM IS THE WORD!

REINALD WERNERATH.

"MONDAY night the company will present 'La Traviata.'—Akron Beacon-Journal.

The audience "assisted."

LE JONGLEUR.

Dans mon enfance, au bout du pont des Arts, Un sautillant faisait ses tours d'adresse. Quelques badauds arrêtés par hasard Lui composaient un air d'opéra. Qu'ébalaissait chacune de ses prouesses. La, sur un d'ambuscade miteux, Il sautait le saut périlleux.

Et puis mainte autre gentillesse, Mais ces culottes n'étaient qu'un simple alman, Un pur hors d'œuvre en attendant. Tout il le fait par saut périlleux. Car le pauvre était si mûr! Par ce vrai notre homme attirait Un public suffisant pour faire ample recette Et de braves nourrisseurs se succédaient. (Les vrais artistes, comme on sait. Ne vivent pas qu'à la gaité). Or, il s'abaisait à pirouetter. C'est qu'en son sac il avait mieux. Jongleur était, merci du peu! Lancer, rattraper à la queue les leu. Lourds boulets d'acier en sautoir. Comme en haut du ciel le bon Dieu Fait danser en rond les planètes, Cela pour lui n'était qu'un jeu.

J'en suis plus d'un qui jure avec les mots Comme un bachelier jongle avec des flambeaux Et des caoutchoux.

Ca fait un joli cercle en l'air, Des arabesques en travers. Ça saute on avant, on arrière, jures. En haut, en bas ça va et vient; L'enlèvement n'y comprend rien. Ça brille, ça flambe et lui, Ça saute.

H. D.

POINT ISABEL gave Harding 63 votes and Cox 1. That may be why, hazards J. H. M., he selected the place for a vacation.

NIPPING A NEWS STORY IN THE BUD.

[Cleveland Morning Standard.]

Something in the way of a sensation is being given an airing in Thomson. The interested parties being a jealous husband, a wife and mother, and one of our village swains. Better drop the matter as in all probability the green-eyed monster has more to do with it than anything else.

"THE Americans," observes the Japan Advertiser, "are very candid and indifferent, and though they sometimes seem to be engaged in machinations, in most cases their only desire is to make much money. None of them are bent on anything like military aggression."

"Slaves of Life." (From Rosa Matkavsky's "Potterism.")

Gideon said, "I'm afraid I'm hopeless about novels just now. I'm sick of the form—slaves of life served up cold in the same old way. It's very nice; it makes nice reading for people. But what's the use? Except, of course, to kill time for those who prefer it to the sort. But as things in themselves, as art, they've been ruined by excess. My critical sense is blunted just now. I can hardly feel the difference, though I see it, between a good novel and a bad one. I couldn't write one, good or bad, to save my life. I know that. And I've got to the stage where I wish other people wouldn't. I wish every one would shut up, so that we could hear ourselves think—like in the Armistice Day pause, when all the noise stopped."

Jane shook her head. "You may be sure we don't shut up. Not likely. We all want to hear ourselves talk. And quite right, too. We've got things to say."

"Nothing of importance. Few things that wouldn't be better said in a lifeless talking."

"A journalist's life," Jane pointed out, "and he nodded."

"Quite true. Horribly true. It's chiefly myself I'm biting at. But at times I feel like talking to myself solemnly; we know our stuff is bubble to fill a moment. Novelists and poets don't always know that; they're apt to think it matters. And, of course, so do any of them can make and hold beauty, even a fragment of it here and there, it does matter. The trouble is that they mostly can't do it. They don't think. They haven't most of them even how to try. All but a few writers are shallow, muddled, or sentimental, and most novelists are commercial as well. They haven't the means; they aren't adequately equipped; they've nothing in them worth the saying. Why say it, then?"

THERE are no more mere rat catchers. They are now "rat engineers," and they "investigate your rat or roach problems and advise as to their extermination."

A PERFECT SHAMBLES.

Oh, there are fearful moments when The pious souls of righteous men Get bold and bad; And Mr. Hoofed, be it known, Is slashing collars to the bone (He says so in his ad). B. W. W.

WRITING of the Irish Players, "I have been told irresponsibly that they went to America and became spilt," writes Frank Swinnerton. However, they have recovered—Sara Allgood, Arthur Sinclair, Maire O'Neill, and the rest of them, and Mr. Swinnerton reports them as good as even. We wish they would come to America again. We spilt, for we have not had much pleasure in a theater since their visit.

THE Nelson Plumbing Co. of Parkersburg, W. Va., claims to be "the plumbers with a conscience." They, perhaps, take their tools with them when they leave for a job.

Misfortunes Never Come Solitarily.

[From the Sioux Rapids Republican-Press.]

The Geisinger family is pursued by hard luck. First Miss Charlotte was seriously injured, and then her brother, Sam, was Geisinger, had a leg broken while he was demolishing cattle. Mr. and Mrs. Geisinger are now the parents of a baby son born Sunday night.

"GORILLA Warfare in Dixie," headlines the Linton, Ind., Citizen. No wonder Lloyd George announces the terrorists. B. L. T.

## How to Keep Well. By Dr. W. A. Evans.

Questions pertinent to hygiene, sanitation, and prevention of disease, if matters of general interest, will be answered in this column. Where space will not permit, or the subject is not suitable, letters will be personally answered, subject to proper limitation, and where a stamped, addressed envelope is enclosed, Dr. Evans will not make diagnosis or prescribe for individual disease. Requests for such service cannot be answered.

(Copyright, 1920, By Dr. W. A. Evans.)

## THE PROCESS OF FASTING.

OW long? If C. writes, "has man been known to go without food and live?" The Bible tells us Christ fasted forty days. Robert de Molere, founder of the Cistercian brotherhood, is said to have attempted what he thought would be a roundabout suicide by fasting seventy days. This is not well authenticated. Dr. Tanner fasted forty-two days. In what are said to have been scientifically supervised cases, Suici fasted forty days and Jacques fasted fifty days.

When a person fasts he draws first upon the water of his tissues. Next he uses up the surplus food eaten during the few days before the fast began and not yet assimilated, assuming absorbed, or converted into human organic compounds. Next in order he uses up surplus food stored in his body as fat and glycogen. And last of all, he draws on the cells and fibers of his organs.

The use of these various sources of fuel supply overlaps considerably in point of time, but after a certain fashion they are in the order named. In the meanwhile the rate of consumption of fuel slackens. Since most of the fuel burned is for the purpose of making heat, the fasting man when he can do so wraps up well and stays in a warm room. He will spare himself by moving about as little as possible, talking very little, and in every way reducing his functioning to the minimum.

The very fact that he is not eating tends to smolder his fires. It is not known, and is true that independently of all else taking in of food increases the rate of burning of fuel by the body. But after a man has burned up all the fuel in his digestive organs and that floating about in his tissues, he begins to draw on his tissues. He empties his liver cells and muscle cells of glycogen. He tears down and burns up his stored fat.

Mittenden says that a fasting man may consume 70 per cent of all fat in his body, but that in the same time he will burn up 3 per cent of his heart and nerve tissue. So long as he has any starches, sugars, and fats to burn these will not be touched. In the meanwhile the tissues of his body belonging to the chemical group known as proteins will be spared.

Chittenden of Yale, who is universally accepted as an authority, stresses the fact that in the main the proteins will be spared so long as fats and sugars are available. For the first six to ten days after fasting begins analysis of the excretions shows a good deal of protein to be burned up daily.

By somewhere between the sixth and the tenth day all food in transition, like bank checks going through the clearing house, will have been used, all loose protein will have been consumed, heat producing, talking, moving, thinking will have slowed down, and the fuel bins of fat will have been tapped. From that time so long as the fat holds

## FRIEND OF THE PEOPLE

Letters for this department must be signed with names and addresses of the writers.

## OBSTRUCTIONS REMOVED.

Chicago, Nov. 6.—[Friend of the People.]—By what right do the proprietors of the market on State street obstruct the sidewalk with fruit cases and fruit stands? Their clutter is a public nuisance.

Notice has been served on the proprietor to remove ware from the sidewalk and keep same clean, which has been done. THOS. H. BRYAN, Superintendent of Streets.

## DECREE PAPERS.

Chicago, Nov. 7.—[To the Legal Friend of the People.]—If a woman applies for a divorce and the case is called in court, the husband does not appear, contest, and the divorce is granted by the judge, the lawyer gets the papers about two weeks after and the woman does not go to get the papers: Is the divorce legal without these papers, or does the woman have to have these papers before the divorce is legal in the eyes of the law? MRS. H. M.

If a divorce decree has been entered and recorded that is sufficient. If it has been entered you can get a copy of the decree by paying the clerk of the court where the decree was obtained. T. B. A.

## THREE YEAR PROVISION.

Urbana, Ill., Nov. 7.—[To the Legal Friend of the People.]—A man signs a lease for a business room for one year, with the privilege of three years for a certain amount of rent. After the first year elapses can the rent be raised or can the person be made to vacate? W. L. L.

Probably not; it depends on the wording of the lease. T. B. A.

## INSURANCE CANCELED.

Stout Falls, S. D., Nov. 8.—[To the Legal Friend of the People.]—What are the laws in Illinois in regard to a man signing up an application for life insurance who gives the agent cash for the amount of premium and then decides he does not wish the insurance, refuses to take medical examination, and repudiates the return of first premium? Does agent have to return money and cash? F. G. A.

It depends on the wording of the application and other facts that are not before us. T. B. A.

## HIGH COST OF MOVING.

Chicago, Nov. 8.—[To the Legal Friend of the People.]—Many tenants who have to move are being held up by the furniture and van people, who want to charge as high as \$50 a day per rig, being charged by warehouses. Is there any legal remedy where one is overcharged, or is there any lawful schedule of prices above which these men dare not charge? J. B. A.

There is an ordinance of the city fixing the charges permitted. See a lawyer if you wish to contest. T. B. A.

## MEMORY TESTS. CAN YOU ANSWER THESE?

## LITERATURE.

1. In what English novel does the Rev. Mr. Primrose and his family figure?
2. Which novel of Sir Walter Scott's contains the characters of Rebecca, the daughter of Isaac the Jew?
3. Who wrote the "Reveries of a Bachelor"?
4. Whose philosophic novel has for its hero and title "Wilhelm Meister"?
5. In what story of Dickens does Mrs. Jellyby figure as a type of sham philanthropy?
6. Who was Rawdon Crawley in "Vanity Fair"? Thackeray's novel without a hero?
7. In what drama of Shakespeare's does Benedick, the young lord of Padua and later the husband of Beatrice, appear?
8. Who wrote "The Blithedale Romance," in which Zerkow plays out the pastoral of the life at Brook farm, and disappointed in love, drowns himself?
9. Who were the Lake Poets of England?
10. In what famous book of Mrs. Stowe's do we find Topsy, the young slave girl?

## NATURAL HISTORY ANSWERS.

1. How large an animal is the Barbary ape and what parts of the world does it inhabit? It is usually the size of a large cat and inhabits Morocco, Algeria and the Rock of Gibraltar being the only European monkey.
2. What variety of plant is the mistletoe, and why has it been celebrated for many centuries? It is an Ameri-

## FACING EAST

## VOICE OF THE PEOPLE

As but limited space can be given letters in this department, writers will confine themselves to 200 or 300 words. Unless they give their full names and addresses their letters will not be considered. No manuscript will be returned unless the writer sends postage for that purpose.

## LET IT GO AT THAT.

Chicago, Nov. 5.—[Editor of The Tribune.]—Your current issue contains a letter from a George Jefferson denying a statement made by Mayor Thompson that 25 per cent of Washington's army were Irish. Mayor Thompson is supported by more competent authority than Prof. Bartlett of Cambridge, Mass., whom your correspondent quotes as saying that the number of Irish was about 2 per cent.

In the official transcript of the evidence relative to the conduct of the American war as given before a committee of the house of commons, and as appearing in the Parliamentary Register, or history of the proceedings and debates of the house of commons, London, there appears under order of June 8, 1779, the testimony of Maj. Gen. James Robertson, who was in the British army in America for twenty years prior to the outbreak of the revolution.

To Edmund Burke's specific inquiry Gen. Robertson replied, "I remember Gen. Lee telling me that he believed half the continental army were from Ireland."

The Lee referred to was Maj. Gen. Charles Lee, second in command of the continental army. At the same inquiry Joseph Galloway, one of the first of several prominent Americans who went over to the British, a native of Maryland of English descent and the speaker of the provincial assembly of Pennsylvania, testified as follows: Q. (By Edmund Burke)—That part of the rebel army that enlisted in the service of the congress, were they chiefly composed of natives of America, or were the greatest part of them English, Scotch, and Irish?

A.—The names and places of their nativity being taken down, I can answer the question with precision. There were scarcely one-fourth natives of America; the rest were English, Scotch, and Irish.

The muster rolls of the American army and navy of the revolution show an even dozen Irish names appearing, 2,841 times, and nearly every Irish name is represented fifty to 200 times. I quote a few: McCarthy, 335; Flynn, 108; O'Hara, 122; McMahon, 143; Donnelly, 155; Quinn, 127; Callahan, 140; O'Brien, 251; etc. WILLIAM J. MULLANEY.

## THE TRAFFIC TANGLE.

Homewood, Ill., Nov. 5.—[Editor of The Tribune.]—The question of traffic has become and is now a serious matter. The merchants have deemed it expedient in the past to concentrate their business in the loop. Expansion has not been provided for in proportion to its demands. The city is bound to provide parking space for vehicles. Jackson boulevard should be for east traffic only to Michigan boulevard, through the loop. Washington street should be for west traffic only and made a boulevard from Michigan boulevard west. Franklin street a connecting boulevard in the loop and beyond if required. All east and west streets given over to vehicle traffic only through the loop, except Jackson boulevard and Washington. Parking of vehicles only on east and west streets in the loop. All surface line cars run on north and south streets through the loop, one way traffic. Wabash avenue north to Division street; State street south through the loop; Dearborn street north; Clark street south; La Salle street north; Wells street south; Market street north; Franklin street connecting boulevard in the loop.

Commerce at Lake street, east and west traffic only. Lake street east traffic only; Randolph street west; Madison street east.

There is an ordinance of the city fixing the charges permitted. See a lawyer if you wish to contest. T. B. A.

## BUT DID THE DEMOCRATS DO IT?

Graymont, Ill., Nov. 7.—[Editor of The Tribune.]—The women of the country pleaded for both years for prohibition of the liquor traffic. The Democrats gave them national prohibition. For a somewhat lesser period they struggled, fought and almost bled for the right to vote. The Democrats obligingly amended the constitution to grant right of suffrage to women. And the dear ladies, out of the unexpressed gratitude of their hearts, proceeded to their first opportunity, to put their little crosses in the Republican party circle. Question, does a woman's vote still mean no? W. A. STANTON.

## HIS LAST PRIVILEGE

[From the London Opinion.]

"Wake up, George, you're talking to your sleep." "Well—am I never to speak in the house at all?"

## DOUBLED SINCE '1 HOME

## BARE NO MOTIVE FOR SHOOTING OF EX-ALDERMAN

While former Ald. Winfield J. Held and Policeman Joseph Pijanowski lay in St. Anthony's hospital, suffering from wounds which two unidentified assailants inflicted early yesterday morning, the police were vainly searching for a motive for the crime.

"Held wore a swell set of rocks," said some. "I think they were after the diamonds."

"Politics," hinted others. "Some enemy was out to get him."

W. J. HELD.

### Scent Whisky Plot.

Still other policemen thought that bootlegging was at the bottom of the trouble. In support of this contention they pointed out that Pijanowski had been involved in the theft some time ago of several thousand dollars' worth of liquor which was being taken to the Rainbo gardens. At that time he was assigned to the Maxwell street station. Held is a clerk in the police court there. He denied any complicity in liquor deals at the hospital last night.

According to the story the former

alderman told at the hospital, he had driven to a drug store early yesterday morning to get medicine for his 2 months old daughter, who has been ill. On the way back he met Pijanowski and asked the latter to accompany him home. Two strange men had been seen lurking in the shadows of his house, and he feared an attack, he said.

### Light Reveals Men: Open Fire.

The policeman and Held rode up the driveway beside his house at 2534 South Kedvale avenue. The latter flashed a light to indicate the garage door. Its beams revealed two men crouched under the porch stairway. They opened fire.

A .32 caliber Iver-Johnson revolver, which was loaded but had not been fired, is being traced by the police in an effort to learn the name of its owner.

### INQUEST ON PEDDLER CONTINUED.

After testimony at the inquest into the death of Samuel Klein, 1313 Washburn avenue, a peddler, yesterday that he was not assaulted, as had been reported, but fell out of a street car, the case was continued until Nov. 17 for further investigation.

## GARRITY'S LAST CHARGES HIT 7 POLICE ON TRIAL

Three hours before he was ousted yesterday by Mayor Thompson, Former Chief Garrity took his first formal notice of booze graft in the police department by filing charges against a lieutenant, a detective sergeant, and five patrolmen.

Lieut. Bernard J. Burns of Brighton park station, who was dismissed from the force in 1912 for bungling the capture of two bandits who had robbed a Canadian bank of \$272,000, is charged with attempting to extort \$200 from Andrew Glinkus, 3343 West Thirty-eighth street, a moonshiner.

The others hit are Detective Sergeant Thomas Coffey and Patrolmen John E. Getchel, Elmer A. Swanson, and Patrick Meade, all of Brighton park; Patrolmen James J. Jacobs of Fifty-fifth street, and Albert Duelli of Austin. "Shakedown" of home brew makers are alleged in each case.

## W. H. Bradley, Chicagoan for 56 Years, Is Dead

William Hand Bradley, a resident of Chicago for fifty-six years, died yesterday at the home of his son, Ross Bradley, 7401 South Racine avenue. He was 77 years old. Born in Ottawa, Ont., Canada, he came to what was

then called Forrestville in 1864. He lived at what is now 4426 Forrestville avenue, and his home was the schoolhouse of the district, and church services were held there. During the civil war he was a member of the Canadian border patrol, which kept deserters from escaping to Canada. Funeral services today at Boydston chapel.

# NOKOL

## Automatic Oil Heating

There's just one way to get rid of "fixing the furnace" night and morning—install NOKOL.

You need never look at your NOKOL heater—yet it works 24 hours in the day.

House always the same temperature day and night.

No coal, no dust, no ashes, no labor.

### What NOKOL Is—What It Does—And How

NOKOL is the first really scientific heating system for the home. It does away with coal altogether, and burns OIL instead.

Now that NOKOL shows the way to use it right—Oil is the finest fuel there is for home heating. Efficient, clean—and even safer than coal.

The NOKOL Heating Unit takes the place of the grate bars in the furnace now in your home.

You set the thermostat, light the pilot light—and NOKOL gets to work.

It regulates itself automatically. You need never "look at the furnace" from the time you light it in the fall till you shut it off for the summer.

NOKOL heating costs just about the same as coal heating—sometimes perhaps a little more.

Once you've had your home heated the NOKOL way, you'd no more go back to coal than you would throw away electric lights and go back to candles.

NOKOL will fit your furnace. Tested and approved by the National Board of Underwriters.

### Ask Us to Fit Your Furnace with a NOKOL

From the day we install NOKOL in your furnace, you get real heating in your home.

Just the temperature you want every hour of the day—no matter how the weather changes.

NOKOL is automatic.

No running down to "look at the furnace."

No ashes—no dust—no labor.

Every cent you spend for fuel buys heat that you can use.

Solid comfort all winter.

Better health for every member of the family.

## HARDING LANDS TARPON NO. 1 AND WIFE HOOKS NO. 2

President Elect's Party  
Has a Gala Day.

BY PHILIP KINSLEY.

Point Isabel, Tex., Nov. 10.—(Special.)—At noon today there was considerable excitement on the sand spit, two miles distant from this point. In the group on this stretch of the beach is a man somewhat past middle age who wears an outing shirt open at the throat, a pair of brown khaki overalls and white tennis "sneakers." He chews at an unlighted cigar and smiles with pride and happiness as he looks down upon a great silver fish that is the prize of his skill and tenacity.

It is Harding, president elect of the United States, gloating over his first tarpon. As tarpons go it is not so much to gloat over. The silver beauty does not weigh eighty pounds, but it is Harding's first, the victim of his patience and his ardor for a new sport.

The fisherman had been out since early morning and his first tarpon succumbed after half an hour's battle.

Mrs. Harding Hooks Tarpon.

These meditations are swept away by a shout that comes from the sea. The shout is Fred C. Hale, United States senator from Maine. His golf ball is streaked with sea water, and his hands are swollen and bruised from struggling with a tarpon that weighs more than himself. His high pitched shout, his frantic gestures, signal aid for his companion in the little skiff

## BRITISH AUTHOR AND U. S. ARTIST JOIN MOVIE GAME

Los Angeles, Cal., Nov. 10.—The movies are calling men to all the arts. Sir Gilbert Parker, the British novelist, and Penrhyn Stanlaw, the American artist, are in Hollywood to take up motion picture work.

Mr. Stanlaw said he would devote his entire time to pictures, having abandoned the brush and the pencil for the screen.

that is being pulled by a Mexican fisherman.

The senator's companion is Mrs. Harding, who has just discovered she has at the end of her line what she thinks is the whale that swallowed Jonah. For a minute or two Mrs. Harding is doubtful if she can stay in the boat, for the pull of a 200 pound tarpon, which is this animal's size, as the lady is to discover presently, is only a little less than the drag of a scared submarine.

Mrs. Harding's boat is 100 feet off shore when she makes her strike. For the group upon the beach it's as good as a play. President Elect Harding forgets his own moonbound tarpon and gulps excitedly as a boy. Up and down the sand bar he runs shouting, "Hold on, Duchess; stick to it, don't lose him."

Given Excellent Advice.

The advice is excellent, but in Mrs. Harding's mind arises a simple choice. Can a woman weighing 135 pounds pull in a tarpon that seems to weigh a ton? Common sense being strong in her, she knows when to quit and she passes the rod to Hale and sinks back

upon the boat seat, breathless and shaking.

It is up to the Senator from Maine and the gallery on the beach shouts snappy advice. Mr. Harding leading the chorus. This goes on for half an hour. Then the great tarpon flies a signal of distress. A coast guard tapes the fish and finds it is five feet nine and a half inches long. He estimated that it will run well up to 200 pounds.

Speaks at Brownsville Today.

For the moment Warren G. Harding is more concerned over the size of his next tarpon than he is about whom he will make secretary of state. A formality will interrupt his vacation tomorrow. He must go to Brownsville to address the American Legion post. As soon as possible he will hurry back to Point Isabel and the tarpons.

God knows him no longer. It will possess him presently, for golf courses are more common and more accessible than tarpon grounds. For the shining present, tarpon is king.

## HARDING GIVES \$2,500 TO AID EUROPE CHILDREN

New York, Nov. 10.—President Elect Harding within forty-eight hours after election day contributed \$2,500 to the Literary Digest child feeding fund for the relief of 2,500,000 starving children in Europe.

His contribution was announced tonight as among the first in \$100,000 collected to date.

"Because such a movement for relief reveals the true heart of America," Mr. Harding telegraphed, "because it bespeaks an American desire to play a great people's part in relieving and restoring God's own children, I want to commend and support your noble undertaking. In seeking God's blessing for ourselves I am sure he will bless us the more abundantly if we share our good fortune in acts of sympathy and human fellowship."

## Will YOU Profit by the Experience of the Cornell Wood Products Company?

The Cornell Wood Products Company of Chicago, Ill., is using The Dictaphone in its various departments. Four years of constant Dictaphone service have proved that since the installation of The Dictaphone a much larger amount of correspondence is handled than formerly, and at less expense.

Here is one side of the Racine Top—ready to install. The construction is identical with the best limousine body work. On in a few hours—off in less time than it takes to change the spark plugs. Weighs less than 35 pounds a side.

## Will the First Cold Weather Lay Up Your Car?

YOU know curtains do not solve the problem. But the Racine Top has solved it. In this winter enclosure every condition of a perfect convertible top is met.

Uses your touring car or runabout top—standard limousine side sash of high grade coach cabinet work, always in stock at factory and distributors—installed by any dealer in three or four hours—removed in 30 minutes—adds less than 35 pounds a side to the car weight—does not touch or mar the body—doors and windows open as a unit—all four windows adjustable for ventilation and signaling—guaranteed not to squeak, rattle or work loose. Reasonably priced.

Now you can get year-round use out of your car—with all that means in convenience, comfort and health. No car is too good for the fine construction and beautiful finish of the Racine Top enclosure.

Now in stock for most high grade and popular priced cars including Cadillac, Buick, Nash, Chandler, Locomobile, Chevrolet, Packard, Mitchell, Oldsmobile, Pierce, Stearns-Knight and 80 others.

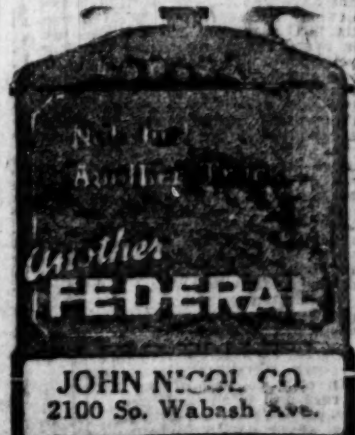

Examine Racine Tops at Your Dealer's. Ask him to show you an installation. Satisfy yourself it is the winter enclosure all car owners have been looking for. Don't wait for the blizzards, see him today. Then your winter car will be ready for you in a few hours. If your dealer hasn't it—write us, naming your car model and dealer.

## U.S. EXPENSES TO BE CUT, BUT HOW, WHEN, WHERE?

### Congress Faces Task in Slicing Plans.

BY A STAFF CORRESPONDENT.

Washington, D. C., Nov. 10.—(Special.)—Republican congressional leaders will encounter obstacles when they undertake to make radical reductions in government expenditures. It has been the expectation that there had been overlapping and duplication to an extent which would warrant material savings. That this is not the case except in a few instances is the conclusion of the bureau of efficiency, which is preparing a report for submission to congress.

This report, it was learned today, will state that outside of foreign trade activities, the aviation service, and the war risk insurance and pension bureau there seems no place where a wholesale reorganization is warranted.

**How Former Cuts Were Made.**  
The Republican leaders in congress made a saving of something more than 25 per cent in the estimates of government expenditures last winter for the present fiscal year. They did so, however, by arbitrarily giving orders that the total aggregate of each appropriation bill should be reduced by a definite percentage. The result was a cutting of many items which were proper and the curtailment of activities against which there was no cause for complaint.

These various bureaus and departments will be back at congress to put the totals up to the former levels. The party leaders realize that the only way they can make a substantial saving is by some other method than the arbitrary percentage cut such as was used last time.

**What the Bureau Found.**

The bureau of efficiency has found that 25 per cent of the cost of the government is due to "past and future wars," while 75 per cent is caused by administrative expenses, an official of the bureau said today.

By past wars is meant pensions, war risk insurance payments, interest on the public debts, retirement of bonds, compensation to disabled soldiers, vocational education, maintenance of rehabilitation hospitals, etc. The items chargeable to "future wars" are the appropriations for the army and navy.

**Germans Never Returned**

**Treasures of Louvain**  
New York, Nov. 10.—Germany has not yet restored a single book or manuscript of the collection carried off or burned during the sack of the historic library of Louvain, the rector, P. Laude, today informed the national committee of the United States for the restoration of the University of Louvain. "The value of the stolen treasures, whose return was pledged by the treaty of Versailles," may be fixed by the Germans at 5,000,000 francs," he said in a letter.

## F. H. FREDERICK, SWIFT'S TRAFFIC MANAGER, DIES

Frank Hill Frederick, assistant traffic manager of Swift & Co., died at the Lakota hotel yesterday.

Mr. Frederick was born in Pittsburgh, Pa., in 1869. He came to Chicago and began work with Swift & Co. in 1892 as chief clerk in the transportation department.

He was a charter member of Damascus lodge, No. 886, A. F. and A. M.; Oriental consistory, and Medinah temple, also a member of Illinois Athletic club, Olympic Fields Country club, Calumet Country club, and the Traffic club.

F. H. FREDERICK.

## SENATORS SOON TO ENJOY REAL LUXURY BATHS

Washington, D. C., Nov. 10.—(By the Associated Press.)—The Graco-Roman baths of the United States senate, installed nearly eight years ago, but never put into service, are now being cleared of the cobwebs and stains of time, and will be in shape to offer their luxuries of steam, plunge, shower, and electricity to the members of the new senate when it assembles.

Charges of extravagance were aimed at the baths in congressional debate when the power of administration last swung from Republican to Democratic, and as a result the baths, installed in the then new senate office building, were shorn of their expensive equipment, bereft of their attendants, and left to gloom.

The marble slabs, Turkish rugs, and steam proof tubs and chairs were turned over to government hospitals, and only the marble shells and nickel fittings left in place.

Now, however, the baths are coming

back, but under a new plan. Members of the senate themselves will pay a large part of the operating expenses, and a special unofficial committee has taken charge of the assessments, which will be levied against each user in proportion to the service he exacts. The baths will be somewhat less gorgeous than the original plan anticipated, but in their luxury and completeness will still have claim to comparison with private club installation.

Senators will be able to steam themselves out in a series of marble hot rooms, resuscitate themselves on the drying room cots, invigorate under one of the several types of needle and drench showers, and float in the swimming size plunge.

They also can try massage, the electric cabinet, or the prickling shocks from the static machine.

**EX-POLKOWMAN HELD.**

Former Detective Sergeant Paul Peterson, 614 North Trumbull avenue, accused by Matthew Warchal, owner of a saloon at 1391 West Chicago avenue, of slugging a lake hold-up and robbing him of \$1,500, was held to the grand jury yesterday. Abraham Nelson, a saloonkeeper at 2001 West Chicago, accused with Peterson, was held for further investigation. Peterson was discharged from the force on Sept. 1.

## Why Not Think About Your Underwear

**FRANKLIN'S** saying that *if you want a thing done right you must do it yourself*, applies with peculiar force to a man's selection of underwear.

Most underwear is bought, not by men but for them.

Not from a concentrated line of known value, but from a mixed stock.

It is easy for the dealer to concentrate on Underwear that is giving service of the highest type to millions of men and boys.

"Allen A" is the mark that now identifies the famous Cooper's-Bennington Spring Needle Underwear, with its thirty years of established reputation.

The mark "Allen A" to be stamped in the future on each garment as the Maker's pledge of responsibility to you.

"Allen"—the name of the Makers; and "A"—the standard mark of first and finest grade.

Allen A Cooper's-Bennington Underwear comes direct from the mill to your dealer. All weights for all seasons—for men and boys. Underwear of uniform quality and dependable value.

It will pay you to give more thought to your underwear—and your dealer to concentrate on a line that will live up to the best you can ask from it.

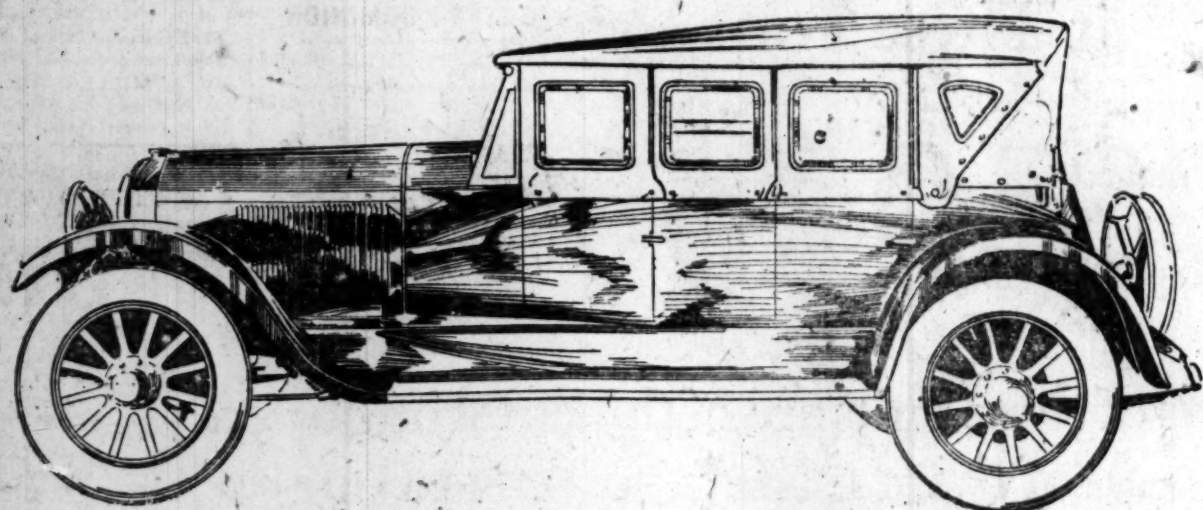

The Makers mark of Identification on Black Cat HOSIERY Reinforced & Coopers-Bennington UNDERWEAR Spring Needle

## Winter Inclosures for All Makes of Cars

Our new winter inclosure is a result of our extensive experience in the manufacture of Winter Tops.

In addition to many refinements we have developed a ventilating feature which we know will be appreciated.

For snug comfort—smartness of appearance—and convenience—this new creation of ours stands unique in the motor car field.

The illustration will afford some slight idea of the lines and general effect of the Bird-Sykes Winter Top.

We very earnestly suggest that you call at our show rooms and inspect the equipment personally. If you already own a Paige Touring Car, or contemplate a purchase, here is your opportunity to provide for all-year comfort and the most satisfactory top that has ever been developed.

## Science Proves the Danger of Bleeding Gums

Medical science proves that unhealthy gums cause serious ailments. People suffering from Pyorrhea (a disease of the gums) often suffer from other ills, such as rheumatism, anaemia, nervous disorders, or weakened vital organs. These ills have been traced in many cases to the Pyorrhea germs which breed in pockets about the teeth.

Four out of five people over forty have Pyorrhea. It begins with tender and bleeding gums. Then the gums recede, the teeth decay, loosen and fall out, or must be extracted to rid the system of the infecting Pyorrhea germs.

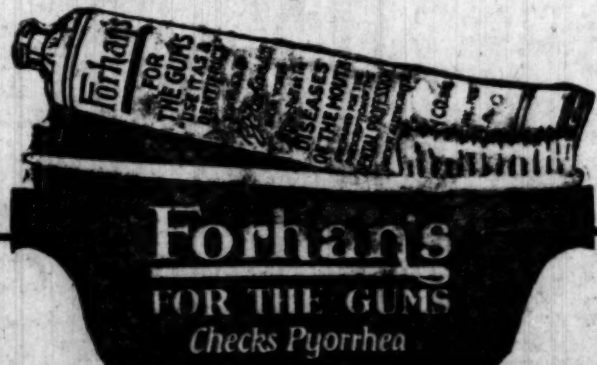

Guard your health and your teeth. Keep Pyorrhea away. Visit your dentist often for tooth and gum inspection, and make daily use of Forhan's For the Gums.

Forhan's For the Gums will prevent Pyorrhea—or check its progress—if used in time and used consistently. Ordinary dentifrices cannot do this. Forhan's will keep the gums firm and healthy, the teeth white and clean.

35c and 60c tubes. All druggists.

## MICHIGAN HAS EDGE FOR CLASH WITH MAROONS

**"F"** AT SCHLAGE is a guard on the University of Chicago freshman team. Saturday he is going to be a home guard. He notified Coach Huntington that he could not go to Ann Arbor with the freshman team to watch the varsity play, because his wife was ill and it was necessary for him to stay home with the baby.

BY WALTER ECKERSALL.

All indications point to a Michigan victory over Chicago. In the annual football clash at Ann Arbor Saturday, and Wolverine alumni will not be disappointed in seeing a highly developed eleven.

Following the disastrous defeat of last season, Coach Yost, who was successful in developing a team this year which has given its opponents hard battles. Michigan was defeated by Illinois, 7 to 6, and lost to Ohio State, 14 to 7. Following the Chicago game, the Wolverines will journey to Minneapolis to meet Minnesota on Nov. 20. If Michigan wins both remaining games, the season undoubtedly will be considered a success at Ann Arbor.

**Team Plays Well.**  
Michigan played good football against Ohio and fought Illinois all the way. Up to the time Steteket's punt was blocked at Columbus last Saturday, the play was about even, and indications pointed to a tie score. After Ohio had registered its second touchdown, Capt. Goetz and his men came back with renewed efforts to tie the count, but fell short.

This year's eleven is led by Angus Goetz, a tackle of fighting qualities. There is little about the position which he does not know, and it was mainly through his efforts that Workman did not execute more forward passes for Ohio. Time after time the Michigan leader drove through and either tackled the Buckeye quarter back or made him hurry his throw to such a degree that he got neither accuracy nor distance. Workman, however, did get one away which finally resulted in Ohio's first touchdown.

Goetz has more knowledge of football rules than most captains, and is a pleasing leader for whom to officiate.

**Dunne Shifted Around.**  
In the absence of Welman, who is injured, Johns and Rowland alternated in the other tackle position. The former is heavy, but fast for his weight. He did well at times, but needs more experience. Rowland did all that could be expected of him during the short time he was in the fray.

Duke Dunne, who played end last season, has been shifted to guard, and is playing the position well, considering his inexperience. He was in the battle against Ohio from start to finish, and appears to put all the energy in his make-up into the fray. Wilson plays a guard position well and is one of the mainstays in the forward wall.

Against Chicago, Dunne probably will be at tackle and Johns at one of the guard berths.

**Vick Is Good Center.**  
Vick, the center, is a great player. He is in of the roving type and tackles hard and sure on the wings. His passing, however, can be improved, as some of his tosses to Steteket on punts were not what they should have been. He played full back last year. Vick will be a factor in Saturday's game and the one with Minnesota.

Jack Dunn, the quarter back, is a dangerous player. He is fairly fast and clever in the open, and in the Ohio State game generally handled his team with good judgment. He used his head in making the fair catch which resulted in Michigan's touchdown, but on some occasions failed to catch the oval on kicks. In another year he should develop into one of the best pilots in the west.

**Wings Are Dependable.**  
Cappon and Goebel, ends, played consistent football against Ohio. Both generally were in and smashed Ohio's interference before it was formed, and they were ever mindful to drive the man with the ball to the inside. They covered punts well, although Stinchcomb did run back one of Michigan's kicks for a big gain near the close of the game.

Nelson, at full back, is an ideal player. He hits hard and generally has the momentum to gain an extra yard when opposition is met. In the Ohio game he also gave good interference for the backs who carried the ball. In another year he may develop into one of the leading full backs in the west.

**Should Outpace Maroons.**  
Steteket and Usher, half backs, showed to good advantage. The former runs hard. Against Ohio he carried the ball from punt formations for consistent gains, as did Usher. Steteket is a good punter and in the kicking department should gain yards over the best booter Chicago can muster. Paper and Perrin, who were injected into the fray at various times in the back field, give indications of developing into sterling players.

With the odds in Michigan's favor because of the crippled condition of Chicago's back field, Coach Stag may elect to play a defensive game against the Wolverines, the same as he did against Illinois. The Maroons' line should be just as strong as that of Michigan. If not more powerful. Michigan will have a decided advantage in the backfield and kicking department, while the ends appear about equal.

**Chicago Cardinals Play Cincinnati Here on Sunday**  
Chris O'Brien's Chicago Cardinals will clash with the Cincinnati Celts at the Normal baseball park Sunday. Paddy Driscoll will lead the local eleven, which will be composed of the same players who defeated Chicago Tigers last Sunday. The game will be called at 2:30 o'clock.

**Logan Squares Play E. T. E.**  
The Logan Squares will tackle one of the strongest pro grid teams in the country Sunday at Logan Square park when they clash with the E. T. E. team of Louisville. The Kentucky team is made up of ex-college stars.

## GASOLINE ALLEY—EASY MONEY

## ANOTHER REGULAR OF MAROON SQUAD LOST FOR ANN ARBOR GAME

Fortune almost smiled on the University of Chicago football team yesterday. When Coach Stag called out the Maroons for drill it was found that only one more first string man would be lost for the Michigan game Saturday.

Jerry Neff, halfback, who was injured in scrimmage Tuesday afternoon, was not able to leave his home. An X-ray picture was taken and no bones were found broken, so there is hope that he will be ready for the Wisconsin game here Nov. 20.

**Fitting Subs Into Gaps.**

One more injury did not slacken the pace of practice, and Stag ordered another long scrimmage, for a lot of substitutes are being groomed to fill the vacant spots in the wrecked Chicago machine.

With Cole, Neff, Hanisch and Redmon hopelessly out of it and Rowland, Hinkley, Halladay and Crisler crippled, the Midway mentor will express no hope for a win over the Wolverines, and not one of the 800 Chicago fans who will go to Ann Arbor has mentioned such a thing as a victory.

**Timme May Play Fullback.**  
It is possible that Timme, who has never played in a college game, may get a chance at fullback, due to the big hospital list, and Coakle Clark, who has played just eleven minutes of football in his life, will probably have to hold down one of the end berths.

In the line, from tackle to tackle, there is little worry, but with seven crippled among the ends and backfield men it is one of the toughest problems Coach Stag has faced in his twenty-nine seasons of football on the Midway.

**Proviso in Last Stiff Practice for Marblehead**

Coaches Berry and Grady sent the Proviso High school football team through three solid hours of drill yesterday in preparation for the sectional light-weight championship game with the Marblehead, Mass., prep at Maywood Saturday. The practice included every branch of the sport, from elementary drill of blocking and tackling to scrimmage. It was the last hard workout the squad will experience before the kickoff.

## ILLINI PRIMED AND CHESTY FOR BADGER BATTLE

Urbana, Ill., Nov. 10.—[Special.]—Capt. Depler and his fighting Illini are ready for the invasion of the Badger stronghold. Tonight Zuppke scrimmaged his men for the last time and they emerged in prime condition. There will be no scrimmage in tomorrow's workout, and the squad will depart on the early evening train for Chicago, where they will spend the night, taking a Friday forenoon train for Madison.

**Stand Pat on Lineup.**

Twenty-five players will be taken. The same eleven which went against Iowa, Michigan, Minnesota, and Chicago will start against the Badgers. Again there was plenty of pep and drive in the performances of the Illini, and there was no need for Zuppke to do much spurring. Unless appearances are deceptive the Illini are grimly determined to wrest victory from the Badgers and get into the final conference game with a clean conscience.

**Strong Reserves Ready.**

Zuppke continued to pay attention to Wilson, the reserve tackle, whose playing has been a feature of the week. Middleton and Hughes were other reserve forwards groomed for emergencies. While Bill Kopp, Chas. Larimer, Soby, Gee, and other sub-bucks were thoroughly drilled to meet Wisconsin tactics. Linden and Mospel will understand the ends.

**BADGERS IN LAST SCRIMMAGE.**

Madison, Wis., Nov. 10.—The Badgers engaged in their last scrimmage today in preparation for their homecoming game. Coach Richards pressed the men with extra long practice, most of which was spent in hard scrimmage against Illinois plays. The varsity ripped through the Illini defense and presented a stone wall to their attacks. Weston and Tebell, the ends, are certain to get into action. Elliott, Sundt, and Holmes are doing brilliant work, while Williams bids fair to outshine them. Barr and Davey took turns at quarter.

## At Football Camps

ANN ARBOR, Mich., Nov. 10.—[Special.]—In an effort to plug up the hole left vacant by Tad Wieman, whose injuries have kept him out of the Chicago game, Duke Dunne, veteran guard, has been moved up into the tackle position and Johns will be used at guard. Coach Yost believes this will considerably strengthen the line, as Dunne is a former end, and, therefore, should hold down the tackle berth in good style.

**INDIANA.**

Bloomington, Ind., Nov. 10.—[Special.]—Loot of speed was shown by the Indiana squad in an unusual scrimmage Saturday. The team of various kinds were tried beginning with a forward pass drill. One eleven went down the field and back, completing ten passes in a minute and a half. The other was a close behind, and also completed ten in the same time. Taking the ball on the ten yard line, one team carried it over the goal line in nine seconds. Another varsity eleven covered the same distance in nine and a half seconds.

**NOTRE DAME.**

Notre Dame, Ind., Nov. 10.—[Special.]—Tippecanoe's forward pass defense improves rapidly in the next two days. Rockne's griders are going to have their hands full when they tackle Indiana on Saturday. Rockne is devoting every minute in drilling his men on defensive tactics. The West Point and Purdue games showed that the team has a powerful attack, but to date it has not encountered any puzzling system of offense such as Indiana's.

**Officials at West Point**

**Act to Prevent Scalping**

West Point, N. Y., Nov. 10.—Measures to prevent speculation in tickets for the Army-Navy football game are being taken by officials at the United States Military academy. Maj. Philip Hayes announced today.

In previous years, Maj. Hayes said, tickets sent to members of the Army Athletic association had been later offered for sale, but he declared that if investigation disclosed any unauthorized sale this year the persons found responsible will be dropped from the association.

## CARVER BLAMES SPANISH BLOOD FOR GIRL'S DEED

### Tempestuous Nature Led to Doom, Jury Told.

Henry Hampton Carver, foreign trade commissioner of the Chicago Association of Commerce, yesterday told a jury of his illustrious romance with Miss Theodora Sanders of Lare, Tex., to a coroner's jury.

It was the girl's tempestuous Latin temperament, inherited from her Spanish forebears, that led her to end her life with a dagger thrust Tuesday in the room of the Dearborn hotel when he told her her romance was over, he indicated.

"I think her act was due to her extremely jealous and temperamental nature," he told Deputy Coroner Adolph Hermann. "I was not free to marry her. A divorce is pending and I felt it was not fair either to Miss Sanders or myself to continue. I told her so."

"Didn't See Dagger Thrust."

He said she had made threats to kill him and end her own life, but he had not taken the threats seriously. The evidence of the tragedy dazed him.

"I didn't see her use the knife," he declared.

"Miss Sanders' action was so sudden that it dazed me. I didn't realize what had happened. We were talking and she arose as if to leave. Then she fell to the floor. I was dazed—but I didn't try to run away. I'm certain I helped for help. A woman who came and stood beside Miss Sanders after she had fallen must have seen the dagger. I'm certain she did."

Q—She was in love with you? A—She was.

Q—You were in love with her? A—Yes.

Q—You were married? A—Yes.

Q—Divorced or divorce pending? A—My divorce is pending.

### The Cause of It All.

Q—Were you engaged to the dead girl? A—No. Our engagement was broken off Nov. 2, 1920.

Q—Why? A—I was not free, and I felt it was not fair either to Miss Sanders or myself to continue. I told her so.

Q—And that is the reason she destroyed herself? A—It is.

Q—How long had Miss Sanders been in Chicago? A—She arrived in Chicago the morning of Nov. 1.

Q—Did she ever talk of suicide before? A—Yes. She made threats to destroy both herself and me, but I never took them seriously.

Q—When was the last threat? A—About three weeks ago; no occasion for except threat.

Q—Did you kill this woman? A—There was a conference between Mr. and Mrs. G. P. Popham, Garrettsville, Ohio, and I shot at her the question: "Did you kill this woman?"

Q—Garver's voice broke as he answered.

Q—You deny all responsibility for the death? A—Yes.

Q—Mr. Geer, a bellboy, said he was the first hotel employee to reach Miss Sanders after she stabbed herself.

Q—Did you hear any call for help when you reached her? A—I heard a call for help—I did hear a man's voice raised as I ascended the stairs.

Q—He said "I don't know."

Q—Miss Sadie Fobers, a telephone operator, who had been believed a witness in the tragedy, admitted she had not seen the actual stabbing. Another woman, seated at a desk on the mezzanine floor of the hotel where the tragedy took place, is believed to have seen the girl plunge the dagger into her heart.

Q—Dutty Coroner Hermann continued the inquest until Nov. 12 to permit a search for this woman.

### FIRE WAITRESS FOR COURT TRIP; NOW FACES WOE

Judge Jesse A. Baldwin yesterday warned Chicago employers against discharging employees without notice.

He ordered the discharge of a waitress, who was absent from work because of her appearance in court. He ordered the discharge of a waitress, who was absent from work because of her appearance in court.

### Teachers Vote Changes in School Pension Laws

Final changes in the teachers' pension laws were favorably voted on yesterday by a majority of the 7,000 teachers who cast ballots. The teachers voted to recommend the increase of the total contribution from each teacher from \$450 to \$500. They also voted that the annuity paid to each teacher should be increased from \$600 to \$650. Wilma Rhinesmith and Catherine J. Trout were the successful candidates to fill vacancies as members of the pension board. Miss Rhinesmith received 5,284 votes and Miss Trout 5,284 votes.

## SHE ADMITS IT

Student Who Long Denied Her  
Romance in School Admits  
She Was Married Last January

MRS. ELIZABETH BRENNAN BARRY.  
(Photo Ray Hutz.)

Friends of Miss Elizabeth Brennan Grogan, daughter of Bernard Grogan, prominent Democratic politician of the Eighteenth ward, and a niece of former Mayor John J. Brennan, were surprised to learn yesterday of her marriage to Normal C. Barry on Jan. 31, 1920. The ceremony was performed by the Rev. John F. O'Hara of Notre Dame university, while Miss Grogan was a student at St. Mary's academy at Notre Dame.

When Mrs. Barry returned home from school last June her friends jokingly accused her of having eloped while at school. She emphatically denied the story. Yesterday she tired of fooling her friends and the announcement of the marriage was made.

### JUSTIN M'CARTHY SUED FOR DIVORCE; CRUELTY CHARGE

Mrs. Myra H. McCarthy, 1021 East Forty-sixth street, daughter of Elbridge Haney, former judge of the Superior court, charges cruelty against Justin G. McCarthy, wealthy contractor, with "extreme cruelty and brutality" in a bill for divorce filed yesterday in Circuit court. Through Attorney Roy D. Keen, Mrs. McCarthy avers that her husband has frequently beaten and choked her, and that on June 20 he threatened her life with a club.

The bill alleges McCarthy owns property valued at \$100,000, and has an income of \$15,000 from his business.

### IT'S OLD STORY; LOSES HIS ROLL TO A "CON" GANG

William Gabel, a Rock Island saloonkeeper, went to the detective bureau yesterday and identified the photograph of Harry Feury as that of one of three men who swindled him out of \$5,000 in a fake Board of Trade deal at the Hotel La Salle.

He said he was lured to Chicago on the prospect of buying confiscated booze from government agents at rock bottom prices. Later the ancient "lost purse" trick was worked on him and the owner of the purse, overjoyed at getting it back, offered him Board of Trade tips that induced Gabel to invest \$3,000 and win \$35,000 in paper profits.

Before collecting Gabel went home and got \$2,500 more to invest. Money and men vanished together when Gabel was called to a telephone.

### Harry J. Strong, Former Chicago Piano Man, Dies

Harry J. Strong, for years an officer of the Baldwin Piano company in Chicago, died Saturday at his home in Los Angeles, Cal. His fortune, estimated at about \$2,000,000, will be divided between his four daughters, Mrs. W. Beattie, 6329 Woodlawn avenue; Mrs. Frank Lorenz, Paso Robles, Ill.; Mrs. Frank Baldwin, Danville, Ill.; and two sons, E. W. Strong, Ottawa, Ill., and James D. Strong, 3724 Ellis avenue.

Mrs. Zuzila and Attorney Charles C. Roe were before Judge Baldwin in an attempt to make an alimony agreement matter. During the hearing Roe explained that his client had lost her reputation because of her appearance in court.

"Employers must learn that they must interfere with the courts," they said. "They may be held for contempt if they do."

### Teachers Vote Changes in School Pension Laws

Final changes in the teachers' pension laws were favorably voted on yesterday by a majority of the 7,000 teachers who cast ballots. The teachers voted to recommend the increase of the total contribution from each teacher from \$450 to \$500. They also voted that the annuity paid to each teacher should be increased from \$600 to \$650. Wilma Rhinesmith and Catherine J. Trout were the successful candidates to fill vacancies as members of the pension board. Miss Rhinesmith received 5,284 votes and Miss Trout 5,284 votes.

## URGES BOXING IN ALL SCHOOLS AS TRUANCY CURE

### Bodine Says Teach Girls to Use Their Fists.

Introduction of boxing in the schools of the nation for girls as well as boys was advocated last night by William L. Bodine, superintendent of compulsory education of Chicago and honorary life president of the National League of Compulsory Education Officials. Mr. Bodine made his recommendations at the opening session of the tenth convention of the league in the Hotel Sherman.

Earlier in the day it became possible for the boys of twenty-two nationalities at the Webster school, 3215 Wentworth avenue, to use boxing gloves instead of bare fists to settle their disputes. A set of gloves was presented to the principal, Miss Alice M. Hogge, during the afternoon by Thomas E. Wilson, packer and head of a sporting goods house, through the latter firm's president, L. B. Jolly.

School Trustee George B. Arnold, commenting on the gift, said there ought to be boxing gloves in every school.

### Will Reduce Truancy.

"I favor the introduction of boxing in schools under proper supervision and rules of school authorities especially," Mr. Bodine said in addressing the convention. "It will not only be of value to physical welfare but it will quicken the boys' interest in school attendance, thus assisting in reducing truancy. I think that if it were submitted to a referendum of the boys it would be carried by unanimous vote."

"I believe every girl ought to know how to box and defend herself. Teachers also would find it beneficial. If our army and navy, universities and clubs find this form of athletic sport beneficial, why not give the school children a chance to grow up 100 per cent Americans instead of mollycoddles?"

### Pleased With Boxing Gloves.

Miss Hogge, who won the praise of school trustees and officials when she referred a bout between two pupils who had agreed that their quarrel could not be settled otherwise, was pleased with the gift of a set of boxing gloves.

"How much better things will be for my boys now," she said. "Before I supervised the last few feuds the boys' fights were never fair. Gang fights and alley slugging were frequent. Every once in a while I had to call in the police to take away a collection of revolvers, razors, and knives which I took from the boys. With the gloves it will be different."

### CHICAGO BEAUTY AND ATHLETE TO LEAD N. U. PROM

James E. Caldwell of Springfield, Ill., and Miss Rebecca Lill, daughter of Mr. and Mrs. George Lill of 4429 Malden street, will lead the junior prom at Northwestern university, which will be held in the Fetter gymnasium on Dec. 3.

Miss Lill is chairman of the social committee of the junior class and an entrant in the Northwestern beauty contest.

Nearly a score of co-eds at the university are being voted for in the beauty contest.

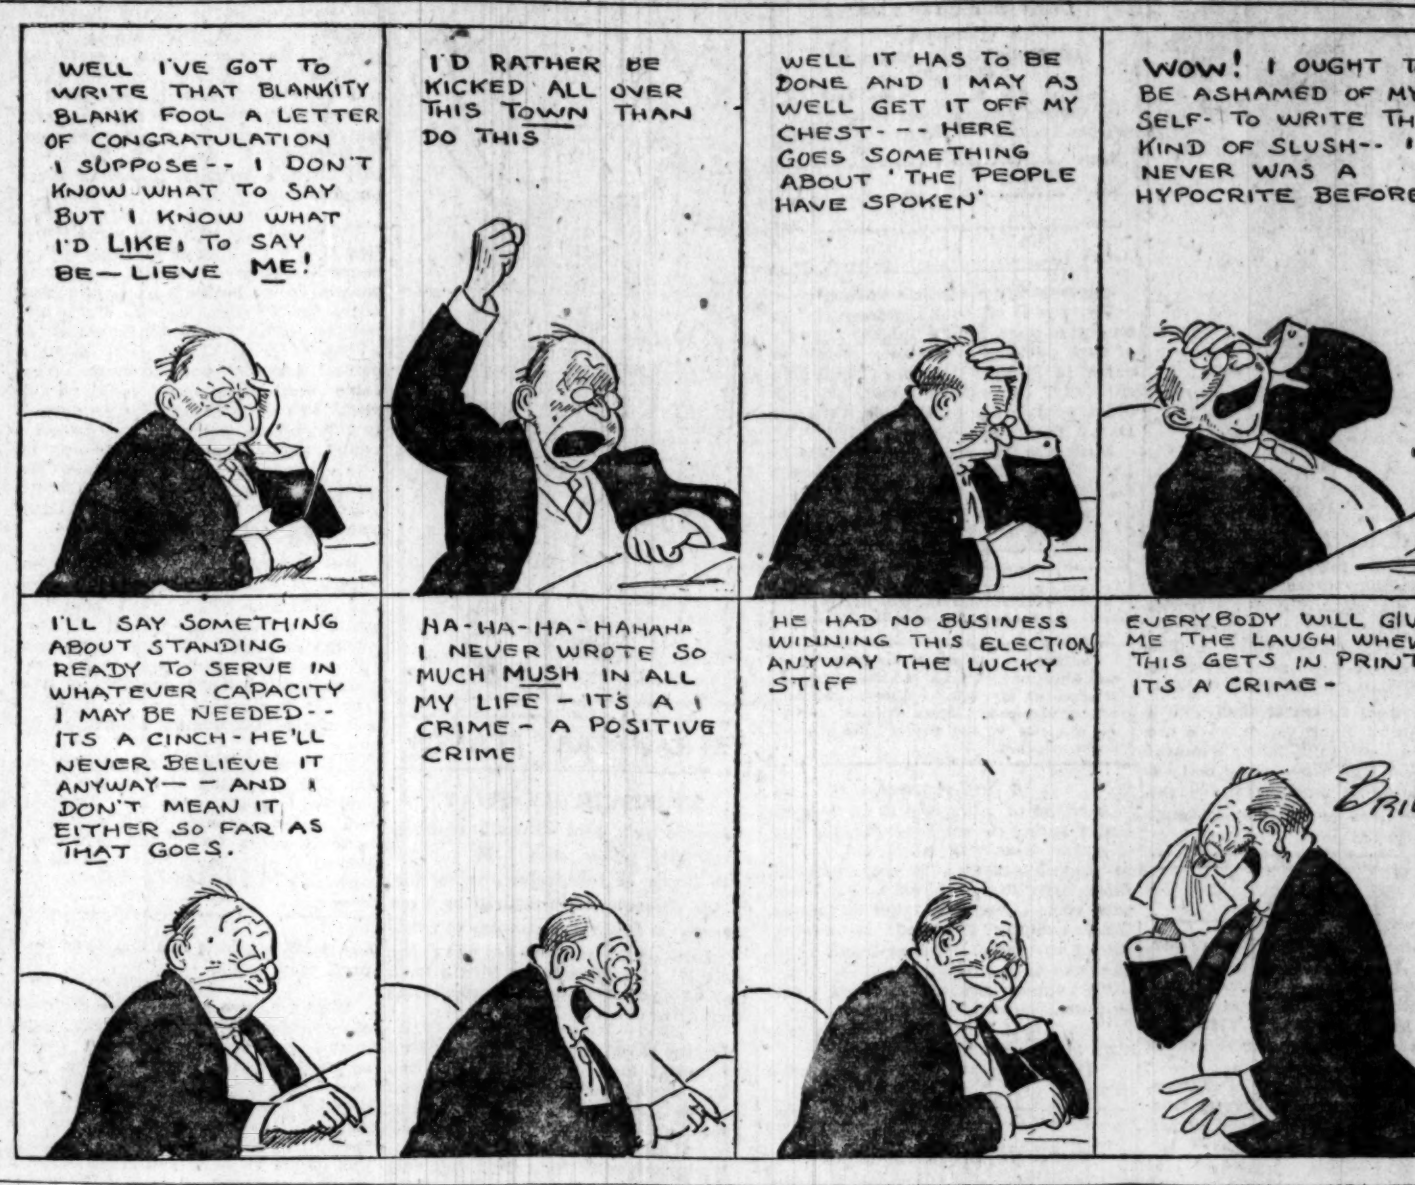

Caldwell, besides being champion pole vaulter at the university, is leader of the Banjo club, a member of the Glee club, and plays in the student orchestra. He will take the leading role in the love scene of the Hermit and Crow production to be given at the Arvan Grotto on Dec. 3 and 10.

The prom is the big social event of the junior year and its leadership is regarded as an honor.

### Aurora Mayor Reported Slated for Cohens' Job

Aurora, Ill., Nov. 10.—A report was in circulation in Aurora today that Mayor Charles Townsend was to succeed Barney Cohen as state director of labor. Mayor Townsend is a journeyman electrician. He was elected by the Independent Labor party in April, 1919.

## WONDER WHAT A DEFEATED CANDIDATE THINKS ABOUT

## TRAIN HITS AUTO, KILLS COUPLE AT DEATH CROSSING

### Two Others Die Here in Motor Mishaps.

H. H. Marcanson, secretary and treasurer of the Haggard & Marcanson company, manufacturers of bed springs at 1109 West Thirty-seventh street, and his wife were killed instantly yesterday when their automobile was struck by an Aurora, Elgin & Chicago train at the Wolf road crossing in Hillside.

The train was traveling at a speed of fifty miles an hour and the bodies of the victims were hurled fifty feet.

### Returning from Kenosha Visit.

The crossing is protected neither by gates nor a flagman. The grade crossing is only a short distance away from the view of motorists by a high embankment. It is impossible to see the interurban crossing until after the railroad tracks have been crossed.

A girl was killed at the same crossing three years ago.

Mr. and Mrs. Marcanson were returning to their home at 214 South Sixth avenue, La Grange, after a visit to the former's brother-in-law, E. H. Hollister, in Kenosha, Wis., when the accident occurred.

### Two Killed Here.

Edward Simdow, 5 years old, 5447 Lincoln street, was killed last night by an automobile while playing tag at Fifty-fourth and Lincoln streets. Louis Levy, 1310 South Sawyer avenue, driver of the car, is being held.

One man was killed and a boy seriously injured last night when their car, believed to have been stolen, collided with a Twenty-first street car at May street. A third man who rode in the automobile escaped. J. B. Struck, 1559 South California avenue, a passenger in the street car, was slightly injured by flying glass.

The automobile bore a license issued to Royal Batterhell, Hennings, Ill. In the dead man's pocket was found a revolver. The boy suffered a compound fracture of the skull. He is thought to be in the hospital, 18 years old, 1051 West Twenty-sixth street.

### Four Arrested AS NORTH SHORE BURGLAR GANG

Four men believed to have been responsible for a large number of recent burglaries along the north shore were arrested yesterday by the Highland Park police. The men were riding in a limousine which was seen in the vicinity last Saturday night about the time the residence of William T. Woodbury in Sheridan road was robbed of several hundred dollars' worth of clothing.

Three of the prisoners had revolvers, and four empty suitcases and a fifth case containing a quantity of rope and newspapers were found in the automobile. All gave Milwaukee addresses. The driver of the car gave his name as Tony Burgineno. The others gave the names of Tony Larcara, Tony Valon, and John Louro. The last named, believed to be the leader of the gang, had \$300 in currency in his possession. The men said they were on their way from Milwaukee to Chicago to purchase clothing.

### \$10,000 PRIZES AT GRAIN SHOW.

Cash premiums totaling \$10,000 have been offered by the Chicago Board of Trade in the grain and hay show which will be part of the International Livestock exposition Nov. 27 to Dec. 4 at the International amphitheater.

## BEG YOUR PARDON

The name of William G. Holt, Oak Park, appeared under a picture of William Wolfe, Oak Park, in the Wanderer-Jury group published in The Tribune of Oct. 30. The name of Mr. Holt would be at the address of R. E. Meppel, who was in no way concerned. Pritsen's address is at 6613 South May street.

A report on Nov. 9 of the rescue of Otto Pritsen from a mob when he was accused of attacking a child gave his address at 6613 South May street. That is the address of R. E. Meppel, who was in no way concerned. Pritsen's address is at 6613 South May street.

The Tribune's announcement of a two weeks' season of Shakespearean repertoire to begin Nov. 14 said it would be at the Princess theater. It will be at the Shubert Central on Van Burn street near Michigan.

On Nov. 10 THE TRIBUNE referred to the head of the government weather bureau in Chicago as Prof. Henry L. Cox. His name is Henry J. Cox.

### APPEAL DENIED, GEARY DOOMED TO HANG DEC. 17

His brave deed entirely gone, Gene Geary, gunman and killer of two men, yesterday heard Judge Joseph Sabath pronounce sentence of death upon him and set Dec. 17 as the date for his hanging.

When court convened the judge announced he was prepared to rule on the motion for a new trial which Geary's attorneys, Thomas D. Nash and Michael Ahearn, had argued for three weeks.

"The motion is denied," Judge Sabath said. "The defendant has had a fair and impartial trial. The jury could have reached no other verdict. In my opinion, there is nothing for me to do but confirm the sentence. The prisoner will please stand up."

Geary arose from his chair. The sentence of death was passed.

### CITY NEWS BRIEFS

JENNIE VAN BOEL, 27, of Pentwater, Mich., disappeared two days ago after operation for removal of an eye. Police search asked.

TRIAL of Albert I. Lauer, secretary of Briggs & Turivas, salvage contractors, charged with offering bribe of \$30,000 to income tax collectors, begins before Judge Landis.

MRS. ESTELLE ALMS EBERT, wife of H. C. Ebert, 6240 Sheridan road, wealthy capitalist, receives two-sevenths interest in \$15,000,000 estate of her father, William H. Alms of Cincinnati.

TWENTY-FIVE sophomores break into freshmen "kiddie party" in Patten gymnasium. Captured, bound with girls' hair ribbons, and thrown into the swimming pool.

## APPEAL DENIED, GEARY DOOMED TO HANG DEC. 17

### "I'll Beat Hangman Yet," Slayer Boasts.

His brave deed entirely gone, Gene Geary, gunman and killer of two men, yesterday heard Judge Joseph Sabath pronounce sentence of death upon him and set Dec. 17 as the date for his hanging.

### Plumbers' Union Gives Salvation Army \$300

The plumbers' union, local 130, contributed \$300 yesterday to the Salvation Army in its drive for \$125,000.

## The Inquiring Reporter

Every Day He Asks Five Persons, Picked at Random, a Question.

Today's Question.  
What is your favorite name for a woman?

Where Asked.  
At La Salle and Washington streets.

The Answers.  
William Jasper, 1256 North Western avenue, chauffeur—My favorite name for a real nice young lady is Myrtle. The reason for my choice is that I know a young woman by that name, and I hope that she sees my answer to your question.

J. F. Hodell, 1528 Cullom avenue, elevator starter—The best name I ever heard for a girl is Carrie. I have known one by that name for thirty-eight years, and I have found her to be the best wife I ever had. Carrie for me every time.

John L. Thomson, 475 West Twenty-seventh street, athletic director—Alice is my mother's name, and Alice is the best girl's name I have ever heard. Sweet Alice Ben Holt is a song that stirs the hearts of every one who hears it, and it is because they like the name of Alice.

Martin McGraw, 2952 Indiana avenue, president of a union—Bridget is a good old Irish name, and besides it is my wife's name. So why shouldn't I like Bridget better than any other girl's name? You can't make a nickname out of it either. Any name that's made into a nickname is punk.

Abe Witt, 2704 Evergreen avenue, superintendent—Florence is my choice. It is a nice sweet name, and Flo is a good name for short. It is a name full of romance and has been chosen by the greatest authors as the name of their heroines.

Besides, there is a certain girl—

### Accuses Capt. Ryan.

Jordan was arraigned in the Englewood court yesterday on a charge of manslaughter. Attorney Goldberg was forced to ask for a continuance because none of the witnesses had appeared. He charged that Capt. Ryan had failed to notify them.

Edward Chopp, 6335 South Racine avenue, brother-in-law of the slain man, who has engaged an attorney to assist the prosecution, accused Capt. Ryan of having been involved in an illicit whisky deal, and of trying to shield Jordan. Attorney Goldberg, who has been released under \$10,000 bonds.

### H. P. CRANE JR.'S FIGHT FOR MORE INCOME CLOSES

A few more days—a week, perhaps—Herbert P. Crane Jr., grand son of the late R. T. Crane, millionaire iron master, will know whether he must continue to "exist on a beggarly \$35 a week" or live as heavers a millionaire's grandson should live, in luxury.

Ninian H. Welch, master in chancery, is preparing his decision in young Crane's suit against the Merchants' Loan & Trust company. He charges the company owes him \$15,000 and the income of a trust fund established for him by Herbert P. Crane Sr. Arguments were concluded yesterday after a hearing lasting since Sept. 20. Young Crane asserts his creditors are pressing him, and that he is in distress.

The separate maintenance suit filed by Mrs. Elida Pina Crane, Costa Rican beauty, against Herbert P. Crane Sr. will be called for trial this morning in Geneva. The trial has been delayed time and again. A week ago a continuance was forced because of the illness of Judge Irwin, who is to hear the evidence. Attorney Andrew R. Sheriff will represent Mrs. Crane.

## KILLS 1, SHOTS 1, HUNTS UP POLICE AND CONFESSES

### Then He Leads Them to Body of Victim.

Murders and homicides  
in Chicago since Jan. 1. 166

Murders and homicides  
in Chicago during 1919  
and up to Nov. 10. 292

After killing one man and shooting another in the legs, James Daly, 2130 West Van Buren street, who says he is an ex-president of the bartender's union, started two policemen, at South Racine avenue and West Van Buren street early last evening, by telling them about the murder. Then he led them to the body of the victim.

In a saloon at 35 South Aberdeen street, Daly shot James Brennan, 36 years old, 256 Cortland street, in both thighs. Fifteen minutes later, in the saloon of Uhrey Vogt, 133 South Aberdeen street, Daly accused Eugene Sweeney, address unknown, of trying to bully the bartender, and without more ado, shot him through the heart.

Patrolman Frank McLaren of the Desplaines street station, and Patrolman Dougherty of the Marquette station, were talking of police affairs, when Daly ran up to them. Daly said he had left the revolver with which he had killed the man in the saloon but it was not found. He was intoxicated and at times his story was incoherent, but the policemen took him into custody and went with him to Vogt's saloon.

### Saloonkeeper Arrested.

The owner of the saloon and William Selling, 1145 West Adams street, his bartender, were arrested and taken to the Desplaines street station. A number of customers in Vogt's saloon were taken into custody by a homicide squad from the detective bureau.

Brennan was taken to the county hospital where it is said he will recover. He could offer no explanation as to why Daly shot him.

Daly later told Lieut. McDowell that Sweeney and Brennan had been attacking a number of his bartender friends and he went out to "get both of 'em."

### Suspect Robbers as Slayers.

Foul play was the cause of the death of George Stevenson, 45 years old, 918 West Madison street, who was found dead with his skull shattered under a viaduct of the Pennsylvania railroad tracks at West Kinzie and Orleans streets Nov. 2, according to a verdict returned by a coroner's jury yesterday. It is believed Stevenson was murdered in an attempted holdup.

Assistant State's Attorney Israel Goldberg asked State's Attorney MacLay Hoyne yesterday to investigate the actions of Capt. John J. Ryan of the Englewood station in connection with the trial of Walter Jordan, saloon keeper, who shot to death Cornelius Van Laten, board of education employe, on Saturday.

Jordan was arraigned in the Englewood court yesterday on a charge of manslaughter. Attorney Goldberg was forced to ask for a continuance because none of the witnesses had appeared. He charged that Capt. Ryan had failed to notify them.

Edward Chopp, 6335 South Racine avenue, brother-in-law of the slain man, who has engaged an attorney to assist the prosecution, accused Capt. Ryan of having been involved in an illicit whisky deal, and of trying to shield Jordan. Attorney Goldberg, who has been released under \$10,000 bonds.

### H. P. CRANE JR.'S FIGHT FOR MORE INCOME CLOSES

A few more days—a week, perhaps—Herbert P. Crane Jr., grand son of the late R. T. Crane, millionaire iron master, will know whether he must continue to "exist on a beggarly \$35 a week" or live as heavers a millionaire's grandson should live, in luxury.

Ninian H. Welch, master in chancery, is preparing his decision in young Crane's suit against the Merchants' Loan & Trust company. He charges the company owes him \$15,000 and the income of a trust fund established for him by Herbert P. Crane Sr. Arguments were concluded yesterday after a hearing lasting since Sept. 20. Young Crane asserts his creditors are pressing him, and that he is in distress.

The separate maintenance suit filed by Mrs. Elida Pina Crane, Costa Rican beauty, against Herbert P. Crane Sr. will be called for trial this morning in Geneva. The trial has been delayed time and again. A week ago a continuance was forced because of the illness of Judge Irwin, who is to hear the evidence. Attorney Andrew R. Sheriff will represent Mrs. Crane.

### ETTELSON NAMES JAMES W. BREEN AS HIS FIRST AID

Assistant Corporation Counsel James W. Breen was appointed yesterday to first assistant to fill the vacancy left by Judge Elect Frank Righimer. This appointment means an increase of salary from \$6,000 to \$8,000 a year.

Corporation Counsel Samuel A. Ettelson, who selected Mr. Breen, said he had decided on the promotion nearly two weeks ago, but had waited to get the approval of Mayor Thompson. The mayor said he was delighted to concur as he was greatly pleased with the work of Mr. Breen.

## Dr. Evans Was Called in Consultation

### "BODY AND SOUL"

Produced by Metro.  
Directed by Charles Swickard.  
Presented at the Boston.

THE CAST:  
Clara Morris.....Alice Lake  
Howard Keel.....William Lawrence  
East Houghton.....Stuart Holmes  
Charles Houghton.....Stuart Holmes  
Dr. Williams.....William Ormond

By Mae Tine.

TO DR. EVANS:  
MY DEAR DR. EVANS:  
Pardon for interrupting you, but this picture is a case for a doctor—not a reviewer. At least it is no case for a reviewer until a doctor gets through with it.

It's this way, SORT:  
The lady in the case is afflicted with a perfectly nice sweet girl, who wouldn't cast a come hither eye for any man. (A come hither eye is the kind the police women feel the mash-are with.) But in her dream she's a common little hussy, who, to quote her: "Frowls around Paris talking to strange men."

So she consults a doctor. (Need she say?)

He hypnotizes her—(Would he off?)—and when she comes out of it tells her that two people are fighting for mastery in her brain and she must be careful not to let a blow on the head or else she hussy will win out.

So that night she goes out and gets a blow on the head. And she becomes the hussy, and while she doesn't become strictly B-A-D you know what I mean, doctor, she certainly does line up trouble for herself. When she gets another blow—and, behold, she's the nice, sweet girl again, and doesn't know where she has been at for the last eight weeks, nor where she got the wound on her chest or the beautiful clothes, or anything.

Then something happens to excite her—and she's the hussy again. Then the man who loves her looks her in the eye—and she's her dear little self again. (Teeter totter.) Then the picture ends happily.

The point is this, doctor: If all this is entirely possible and material media and all that, why then the picture is a clever and interesting one.

If it isn't possible, or sensible—why then it's the bunk—and it oughtn't to be running around wild.

So I thought I'd just ask you, doctor. Business being attended to, how are you, anyway, and do you think flies and mosquitoes are dangerous at this time of the year. We have two of one and three of another that we do not seem to be able to get rid of. Thanking you heartily for the same etc., etc.

## DORIS BLAKE'S ANSWERS

Are You Inconsiderate.  
"Dear Miss Blake: What do you think of a fellow who says he cares for you and does not show it? D. L. I have to know that Doris just that attention you expect from the young man. Maybe you're one of these inconsiderate young maids who expects a man to spend his whole \$20 a week on you. Actions do more than words."

## BEAUTY ANSWERS

BY ANTOINETTE DONNELLY.  
PETER: TRY THE YEAST CURE for your complexion. It has been effective in many cases, so why not yours? Divide a small cake into three parts, and take it three times a day in hot water, orange juice, or some liquid. Then be careful of your diet. Eat vegetables—bulky kind. Drink quarts of water—try to drink glasses a day.

## SUCCULENT BIVALVE

Oysters have ever been reputed to be the greatest gastronomic treasure of the deep. The Greeks called them "the perfect prelude to a meal," and were extravagantly fond of them.

The Romans called them "the dainty manna of the sea," and considered them an incomparable delicacy.

Americans call them "the succulent bivalve," and eat them by the millions at CHILDS.

Lightly breaded and fried in a rich brown, or broiled into a rich, creamy stew.

## FASHION'S BLUE BOOK

BY CORINNE LOWE.

NEW YORK.—(Special Correspondence)—Evening dresses, afternoon frocks, wraps, suits, children's frocks all are found in velvet this winter. Black velvet is most conspicuous. The woman who wishes to combine a handsome afternoon wrap with an evening gown cannot do better than pick a coat or cape of black velvet. We are showing a model in this fabric trimmed with squirrel, and with silver embroidery. The upper section follows the long bloused line so much in evidence in coats.

## WEDDINGS

Miss Eliza Kilman, daughter of Mr. and Mrs. William Owen Kilman of 2740 Hampden court, will become the bride of Roger Faherty, son of Mr. and Mrs. M. J. Faherty of 2736 Pine Grove avenue, this afternoon at the residence of her parents.

Miss Katharine Dexter Donelson, daughter of Mr. and Mrs. Dexter Donelson of 1118 East Forty-sixth street, and Gaylord Jones Case, son of Mr. and Mrs. Ward Hubbard Case of 1164 East Fifty-fourth place, were married last night at the Bickstone. Miss Edith Prudden of Brookline, Mass., was the bride's only attendant.

## PATTERNS BY CLOTHILDE

### MISS' OR SMALL WOMAN'S DRESS

This is an attractive design, and is cut with the popular long waist. It will make up equally well in one or two materials. The pattern, \$7.50, comes in sizes 14 to 20 years. Size 16 requires 3 1/2 yards of 36 inch material.

### Order Blank for Clothilde Patterns

CLOTHILDE, DAILY TRIBUNE, CHICAGO.

Enclosed find \$..... Please send me the clothilde patterns listed below:

How to Order Clothilde Patterns.

Write your name and address plainly on dotted lines, giving number and size of each pattern you want. Enclose 12 cents in stamps or coin (wrap coin carefully) for each number, and address your order to Clothilde, CHICAGO DAILY TRIBUNE, Chicago. Note: Clothilde patterns are made in New York exclusively for The Chicago Daily Tribune. They are perfect in fit, up to date in style, and the easiest of all patterns to use.

### EMBARRASSING MOMENTS

The Tribune will pay \$1 for every letter published on "The Most Embarrassing Moment of My Life." Address Embarrassing Moments, Chicago Tribune. Write on one side of the paper. No manuscript returned.

### A Soft Answer.

A friend of mine was ill in hospital and I called to see her. As she had a doctor who was supposed to be wealthy I expected to see the room filled with lovely flowers, but all I saw was a small bouquet of asters. That evening I called on another friend and remarked that I had called that day to see Ethel. "I suppose she had a great many beautiful flowers," she said. "No," said I, "all she had was a tiny bunch of old asters."

"I gave her those," was the quiet reply. M. C.

### Epworth League Banquet.

All the German Methodist Epworth leagues in Chicago and suburbs gathered at a banquet last night at Central Y. M. C. A.

## STRAWBERRY PLANTS

BY FRANK RIDGWAY.

At the first hint of hard freezing strawberry plants should be covered with straw or leaves for the winter. Plants frequently are injured by hard frosts. It is cheap insurance to cover the plants with some cheap mulching material. It protects the plants from cold and protects the soil and berries during the fruiting season.

Leaves raked from the lawn make a convenient mulching material in the city. Almost any vegetable material may be used, providing it does not pack tightly over the plants and smother them.

Weeds are sometimes used, but this is not advisable because the seeds produce a thick mass of weeds which must be dealt with in the spring. To prevent leaves being carried away by

## TRIBUNE COOK BOOK

BY JANE EDDINGTON.

### Boiled Big Hominy.

In a recent letter a correspondent asked "Is cold pack canning dead?" It certainly is not. From what I see and hear I think it has become as solid an American acquirement as plunking. There are a large number of efficient people who are improving the business, pushing it all the time, and urging canning the whole year around. There are winter vegetables, such as sweet potatoes and parsnips, which are worth canning, because it is convenient to have them ready cooked, and such things as hominy in cans, home purched, have better flavor and cost about a tenth as much as those purchased in cans.

Unless a housewife is in some situation where cooking is difficult, to use canned hominy, canned spaghetti, canned baked beans, etc., is anything but a thrifty performance. Take kidney or Lima beans for illustration. A cup of dried Lima costs about 4 cents. Add four cups of water, vegetable seasonings, and cook as directed in a favorite recipe often printed in this column, using not more than 4 cents' worth of gas and perhaps no more than two cents compare the quantity with that of canned beans purchased for the same money. Draw your own conclusions.

But to buy boiled hominy, as many people do who are fond of this modern representative of "hulled corn," is ranker extravagance than to buy cooked dried beans in cans. The hominy costs less than the beans, and makes a much larger quantity of food. You can follow cold pack methods and put up canned hominy cooked as follows:

Pick over and wash thoroughly one cup of big hominy, add eight cups of cold water, put over fire, bring to boil slowly, simmer until tender or from three to five hours. Correctly cooked it is palatable enough to eat without a single addition except salt.

Wheat or rye straw make desirable material for mulching strawberry beds. Shake the straw vigorously before scattering it to get rid of the weed seed. Straw is most commonly used because it is inexpensive, stays in place well after it once settles, and will not pack and smother the plants. A layer two inches thick spread after the first freeze is sufficient to protect the plants from alternate freezing and thawing during severe winter weather and the sudden changes in early spring.

## Bright Sayings of the Children

The Tribune will pay \$1 for each childish saying printed. The story told must have been printed in any magazine or paper. It is not possible to acknowledge or return unsuitable contributions. Please write on one side of the paper. Address Bright Sayings to Auntie Sue, Tribune, Chicago.

Mary's father and Indiana's were garage men, and the little girls overheard much "shop talk."

"We have a new brother at our

house." Mary announced to her playmate one morning.

"How old is he?" queried Eugene. "Why, he's not old at all," Mary answered with evident pride. "He's never been used at all." W. T. M.

Mother left the room a moment while Helen entertained the caller.

"Whose picture is that?" inquired the caller, glancing at the picture of a curly headed little boy who wore a Buster Brown suit, the jacket of which hid all but a little of the trousers.

Helen replied at once: "O that's a picture of brudder when he was last turning into a little boy." H. M.

## A FRIEND IN NEED

BY SALLY JOY BROWN.

I want to be the medium through which the friend in need may be brought together. It may be you have a friend who is in need of help, or you may be in need of help yourself. Please write on one side of the paper, and when information is wanted by mail, please enclose a photograph of yourself. Please write on one side of the paper, and when information is wanted by mail, please enclose a photograph of yourself. Please write on one side of the paper, and when information is wanted by mail, please enclose a photograph of yourself.

## For an Orphan.

"I am taking care of a baby which was abandoned by both parents. It is a little girl of 18 months. She has no clothes. I am hoping some of your readers might have some clothes they don't need any more that they would send." Mrs. V.

## Disinfection Is Low-Priced

### Health Insurance

The cost of frequent disinfection is insignificant when compared to the value of disinfection in protecting health.

Which is cheaper, frequent disinfection or doctors' bills? There is but one answer. Disinfect regularly and stay well.

Kills germ life and prevents the spread of contagion.

Order Lysol Disinfectant sprinkled throughout your establishment, wherever germs might lurk or be created.

Take a bottle home. Have a solution sprinkled in sinks, drains, toilets, garbage cans, dark corners. Insist that a few drops of Lysol Disinfectant be added to all scrubbing water.

A 50c bottle makes five gallons of powerful disinfectant; a 25c bottle makes two gallons.

Remember, there is but one genuine Lysol Disinfectant—made, bottled, signed, and sealed by Lehn & Fink, Inc.

### Lysol Toilet Soap

25c a Cake

Contains the necessary properties of the antiseptic ingredients of Lysol Disinfectant to render the soap, strip, cup, and shaving brush especially clean, guard you out from infection, and give you a healthy shave. If your dealer hasn't, ask him to order a supply for you.

### Lysol Shaving Cream

in Tubes

Contains the necessary properties of the antiseptic ingredients of Lysol Disinfectant to render the razor, strip, cup, and shaving brush especially clean, guard you out from infection, and give you a healthy shave. If your dealer hasn't, ask him to order a supply for you.

# BRITISH BUYING BOOSTS GRAINS; WHEAT UP 9 1-2 C

BY CHARLES D. MICHAELS.

Removal of hedges in December on 2,000,000 to 3,000,000 bu. of Manitoba wheat sold to the British commission resulted in a strong and steadily advancing market. At no time was there any great pressure on the futures, and the close was about the top, with no gains of 3/8c. Other grains were affected by the strength in wheat, which brought in short covering, and corn gained 1/4c, oats 1/2c, rye 1/2c, and barley 1/2c.

Buying of wheat was headed by Jackson Bros., the Armour grain company, J. Rosebaum, and other houses with seaboard connections. This buying was fairly persistent throughout the day, and, with a lack of the aggressive selling which has been such a feature of late, December jumped 9/16c over the previous day's finish, closing about the top. The December-March spread widened to 1/2c at the last, after being only 1/4c at one time on the previous day.

Short covering in corn. December corn advanced from the start. Many local professionals who have been bearish covered their lines early, headed by Barrett and Schreiber. This took the surplus off the market, and with the strength in wheat the advance was attained easily. The December-May spread narrowed down to 1/4c, against 1/2c on the previous day, the smallest difference in some days. Cash demand was good, with premiums higher.

December oats showed more strength than the May. Bulk of the buying was by shorts and influenced by the stronger tone in other grains. Cash lots were higher as compared with the December, with shippers good buyers.

Export demand was not in evidence. No. 2 track advanced to 1c over December.

The east was after cash barley, with sales made at 11 1/2c a 1.7. Buffalo for 48 lb malting. The same grade was quoted at 11 1/2c sellers' b. vessel at the seaboard. Cash prices were unchanged.

Provision Market Firm. Lighter arrivals of hogs than expected in the early run led to buying of product by shorts and an advance which failed to hold in its entirety, although net gains were 7/16c 1/2c on the market.

Feeding in the west last week, as compiled by the Price Current-Grain Reporter, was 224,000 hogs, against 222,000 last year.

## CASH GRAIN NEWS

The British commission bought between 2,000,000 and 3,000,000 bu. of Manitoba wheat at the seaboard on overnight offers and sold the further offers. There were estimates of sales up to 5,000,000 bu. of wheat. Premiums on hard winters were unchanged, but Manitoba was higher. Some durum was worked from the west.

Milling demand for wheat at Chicago was good, with sales of 30,000 bu. for December and 5,000 bu. for March at 1.69, or 2c over the future. Premiums on hard winters were 1c higher at 7/8c over December. Receipts 43 cars. Red winter scarce and in demand. Outside markets were 1c lower to 1 1/2c higher. Oats showed the most strength. Premiums on cash corn were 1/2c higher, with yellow malting 10 1/2c and white 10c over the previous day's finish. Outside markets were 1c higher to 1 1/2c lower.
